(a) A dealer shall accept at his or her place of business from a redeemer any empty beverage containers of the design, shape, size, color, composition and brand sold or offered for sale by the dealer, and shall pay to the redeemer the refund value of each such beverage container as established in section 27-1005 of this title. Redemptions of refund value must be in legal tender, or a scrip or receipt from a reverse vending machine, provided that the scrip or receipt can be exchanged for legal tender for a period of not less than sixty days without requiring the purchase of other goods. If the scrip or receipt from a reverse vending machine expires, the expiration date must be indicated on such scrip or receipt, or the dealer must post a conspicuous sign indicating how many days a redeemer has to exchange the scrip or receipt for legal tender. If notification of an expiration is not provided, a dealer must redeem the full refund value indicated on any legible scrip or receipt. The use or presence of a reverse vending machine shall not relieve a dealer of any obligations imposed pursuant to this section. If a dealer utilizes a reverse vending machine to redeem containers, the dealer shall provide redemption of beverage containers when the reverse vending machine is full, broken, under repair or does not accept a type of beverage container sold or offered for sale by such dealer and may not limit the hours or days of redemption except as provided by subdivision three of this section.

3. [On or after June first, two thousand nine, a] A dealer whose primary business is the sale of food or beverages for consumption off-premises and whose place of business is less than ten thousand square feet in size may limit the number of empty beverage containers to be accepted for redemption at the dealer's place of business to no less than seventy-two containers per visit, per redeemer, per day[, provided that:

(a) The dealer has a written agreement with a redemption center, be it either at a fixed physical location within the same county and within one-half mile of the dealer's place of business, or a mobile redemption center, operated by a redemption center, that is located within one-quarter mile of the dealer's place of business. The redemption center
must have a written agreement with the dealer to accept containers on behalf of the dealer; and the redemption center's hours of operation must cover at least 9:00 a.m. through 7:00 p.m. daily or in the case of a mobile redemption center, the hours of operation must cover at least four consecutive hours between 8:00 a.m. and 8:00 p.m. daily. The dealer must post a conspicuous, permanent sign, meeting the size and color specifications set forth in subdivision two of this section, open to public view, identifying the location and hours of operation of the affiliated redemption center or mobile redemption center; and

(b) The dealer provides, at a minimum, a consecutive two hour period between 7:00 a.m. and 7:00 p.m. daily whereby the dealer will accept up to two hundred forty containers, per redeemer, per day, and posts a conspicuous, permanent sign, meeting the size and color specifications set forth in subdivision two of this section, open to public view, identifying those hours. The dealer may not change the hours of redemption without first posting a thirty day notice; and

(c) The dealer's primary business is the sale of food or beverages for consumption off-premises, and the dealer's place of business is less than ten thousand square feet in size].

5. [A] The failure of a deposit [initiator's] initiator, a deposit initiator's agent, or [distributor's failure] a distributor to pick up empty beverage containers[, including containers processed in a reverse vending machine,] from a redemption center, dealer or the operator of a reverse vending machine, shall be a violation of this title.

7. A deposit initiator [on a brand] who initiates a deposit on a beverage container shall accept from [a] any other deposit initiator or distributor who [does] did not initiate [deposits] a deposit on that [brand any empty] beverage [containers of that brand] any empty beverage container accepted by the other deposit initiator or distributor from a dealer or operator of a redemption center and shall reimburse the other deposit initiator or distributor the refund value of each such beverage container, as established by section 27-1005 of this title. In addition, the deposit initiator shall reimburse such other deposit initiator or distributor for each such beverage container the handling fee established under subdivision six of this section that was paid by the redeeming distributor or deposit initiator. Without limiting the rights of the department or any person, firm or corporation under this subdivision or any other provision of this [section] title, a distributor shall have a civil right of action to enforce this subdivision, including, upon three days notice, the right to apply for temporary and preliminary injunctive relief against continuing violations, and until arrangements for collection and return of empty containers or reimbursement of [such] the redeeming distributor for such deposits and handling fees are made.

8. It shall be the responsibility of the deposit initiator or distributor to provide to a dealer or redemption center a sufficient number of bags, cartons, or other suitable containers, at no cost, for the packaging, handling and pickup of empty beverage containers that are not redeemed through a reverse vending machine. The bags, cartons, or containers must be provided by the deposit initiator or distributor on a schedule that allows the dealer or redemption center sufficient time to sort the empty beverage containers prior to pick up by the deposit initiator or distributor. In addition:

(a) When picking up empty beverage containers, a deposit initiator or distributor shall not require a dealer or redemption center to load their own bags, cartons or containers onto or into the deposit initiator's or distributor's vehicle or vehicles or provide the staff or
equipment needed to do so. However, where pallets or skids, bags, cartons or containers are readily movable only by means of a forklift or similar equipment, a deposit initiator or distributor may require a dealer or redemption center to move or load such items at no cost using a forklift or similar equipment belonging to the dealer or redemption center.

(b) For empty containers not processed through a reverse vending machine, a dealer or redemption center may provide to a deposit initiator or a distributor a signed, written statement attesting to the count of the number of containers tendered for redemption. If such statement is provided, the deposit initiator or distributor shall pay the redemption center or dealer all applicable refunds and handling fees for the containers as indicated on such statement, unless discrepancies discovered during the course of an audit are documented by the deposit initiator or distributor and the reasons for the discrepancies are provided in writing to the redemption center or dealer. A deposit initiator or distributor [shall not] may require a redemption center or dealer's count of empty containers to be [counted] audited at a location other than the redemption center or dealer's place of business, if the redemption center or dealer refuses to allow an audit to be conducted at the redemption center or dealer's place of business, if there is insufficient space to conduct an audit, or if an audit cannot be completed in a safe, secure location protected from weather conditions. The dealer or redemption center shall have the right to be present at [the count] an audit conducted at a location other than the redemption center or dealer's place of business.

(c) A deposit initiator or distributor shall pick up empty beverage containers from the dealer or redemption center at reasonable times and intervals as determined in rules or regulations promulgated by the department.

9. No person shall return or assist another to return to a dealer or redemption center an empty beverage container for its refund value if such container had previously been accepted for redemption by a dealer, redemption center, [or] distributor, a deposit initiator who initiates deposits on beverage containers of the same brand, or an agent of a deposit initiator, or if such empty container was previously accepted by a reverse vending machine.

10. A redeemer, dealer, distributor, deposit initiator or redemption center shall not knowingly redeem an empty beverage container that was not sold as a filled container in the state and on which a deposit was never paid in New York state, and shall only pay deposits on the actual number of empty beverage containers tendered and accepted for redemption.

11. [Notwithstanding the provisions of subdivision two of section 27-1009 of this title, a deposit initiator or distributor shall accept and redeem beverage containers as provided in this title, if the dealer or operator of a redemption center shall have accepted and paid the refund value of such beverage containers.] Once the refund value of an empty beverage container has been paid by a deposit initiator who initiates deposits on that type of beverage container, no person may knowingly accept that empty beverage container from, or give or sell it to, any person for the purpose of obtaining the refund value from any person.

12. No person shall [intentionally] program, tamper with, render inaccurate, or circumvent the proper operation of a reverse vending machine [to wrongfully elicit deposit monies when no valid, redeemable beverage
container has been placed in and properly processed by the reverse vending machine.

13. No person shall transport empty beverage containers from out of state into New York state for the purpose of tendering such beverage containers for redemption.

14. a. Reverse vending machines shall be designed to prevent the fraudulent redemption of containers by utilizing the best available technology and provide an accurate report containing the following information:
   (i) the number of containers placed in the reverse vending machine over a predetermined time period;
   (ii) the product name of each beverage container placed in the reverse vending machine; and
   (iii) the material type and size of each beverage container placed in the reverse vending machine.

b. All reverse vending machines shall be audited by an independent third-party auditor at least twice per year, but not within any four consecutive months.

c. A reverse vending machine, any report provided from such machine, and any audit of a reverse vending machine, are subject to inspection and audit by the department. The department of taxation and finance is authorized to audit any report from a reverse vending machine.

§ 4. Section 27-1009 of the environmental conservation law, as amended by section 4 of part F of chapter 58 of the laws of 2013, is amended to read as follows:

1. A dealer or operator of a redemption center [may] shall refuse to accept from a redeemer, and a deposit initiator or distributor [may] shall refuse to accept from a dealer or operator of a redemption center any empty beverage container which does not state thereon a refund value as established by section 27-1005 and provided by section 27-1011 of this title.

2. A dealer [or], operator of a redemption center, distributor, or deposit initiator may also refuse to accept any broken bottle, any corroded, crushed or dismembered container, or any beverage container which [contains a significant amount of foreign material] is otherwise altered so that it is rendered unredeemable, as determined in rules and regulations to be promulgated by the commissioner. Such refusal must occur at the time the beverage container is tendered for redemption. Notwithstanding the foregoing, containers processed through a reverse vending machine authorized by a distributor or deposit initiator, as documented through reverse vending machine reconciliation statements or other reasonable documentation, shall be accepted by a distributor or deposit initiator.

§ 5. Paragraph b of subdivision 1 of section 27-1011 of the environmental conservation law, as amended by section 5 of part F of chapter 58 of the laws of 2013, is amended and a new subdivision 4 is added to read as follows:

b. Such embossing or permanent imprinting on the beverage container shall be the responsibility of the person, firm or corporation which bottles, cans or otherwise fills or packages a beverage container or a brand owner for whose exclusive account private label beverages are bottled, canned or otherwise packaged; provided, however, that the duly authorized agent of any such person, firm or corporation may indicate such refund value by a label securely affixed on any beverage container containing beverages imported into the United States. Private label beverages shall be defined as beverages [purchased from a bottler] in
beverage containers bearing a brand name or trademark for sale [at retail] or distribution, directly by the owner or licensee of such brand name or trademark; or through [retail] dealers affiliated with such owner or licensee by a cooperative [or], franchise, or other agreement.

4. No person shall sell in this state a drink container that indicates a New York state refund value if the container is not a "beverage container," as that term is defined by section 27-1003 of this title.

§ 6. Subdivision 1, paragraphs a and b of subdivision 4, subdivisions 8 and 12 of section 27-1012 of the environmental conservation law, subdivision 1, paragraphs a and b of subdivision 4 and subdivision 8 as added by section 8 of part SS of chapter 59 of the laws of 2009, and subdivision 12 as amended by section 6 of part F of chapter 58 of the laws of 2013, are amended to read as follows:

1. Each deposit initiator shall deposit in a refund value account an amount equal to the refund value initiated under section 27-1005 of this title which is received with respect to each beverage container sold by such deposit initiator. Such deposit initiator shall hold the amounts in the refund value account in trust for the state. A refund value account shall be an interest-bearing account established in a banking institution located in this state, the deposits in which are insured by an agency of the federal government. Deposits of such amounts into the refund value account shall be made not less frequently than every [five] thirty business days. All interest, dividends and returns earned on the refund value account shall be paid directly into said account. The monies in such accounts shall be kept separate and apart from all other monies in the possession of the deposit initiator. The commissioner of taxation and finance may specify a system of accounts and records to be maintained with respect to accounts established under this subdivision.

   a. Quarterly payments. An amount equal to eighty percent of the balance outstanding in the refund value account at the close of each quarter shall be paid to the commissioner of taxation and finance at the time the report provided for in subdivision three of this section is required to be filed. However, a deposit initiator who initiates deposits on beverage containers with a universal product code and label design that is unique to this state, or used only in this state and any other states that have a law substantially similar to this title, shall be entitled to pay an amount equal to only sixty percent of the balance outstanding in the refund value account attributable to such beverage containers at the close of each quarter to the commissioner of taxation and finance at the time the report provided for in subdivision three of this section is required to be filed. The commissioner of taxation and finance may require that the payments be made electronically. The remaining twenty percent of the balance outstanding at the close of each quarter shall be the monies of the deposit initiator and may be withdrawn from such account by the deposit initiator. If the provisions of this section with respect to such account have not been fully complied with, each deposit initiator shall pay to such commissioner at such time, in lieu of the amount described in the preceding sentence, an amount equal to the balance which would have been outstanding on such date had such provisions been fully complied with. The commissioner of taxation and finance may require that the payments be made electronically.

   b. Refund value account shortfall. In the event a deposit initiator pays out more in refund values than it collects in deposits of refund values during the course of a quarterly period as described in subdivision three of this section, the deposit initiator may apply to the
commissioner of taxation and finance for a refund of the amount of such excess payment of refund values from sources other than the refund value account, in the manner as provided by the commissioner of taxation and finance. A deposit initiator must apply for a refund no later than twelve months after the due date for filing the quarterly report for the quarterly period for which the refund claim is made. No interest shall be payable for any refund paid pursuant to this paragraph. However, a deposit initiator who initiates deposits on beverage containers that do not have a universal product code and label design that is unique to this state or used only in this state and any other states that have a law substantially similar to this title shall not be entitled to a refund pursuant to this subdivision.

8. The commissioner of taxation and finance may require the maintenance of such accounts, records or documents relating to the sale of beverage containers, by any deposit initiator, [bottler] beverage manufacturer, distributor, dealer or redemption center as such commissioner may deem appropriate for the administration of this section. Such commissioner may make examinations, including the conduct of facility inspections during regular business hours, with respect to the accounts, records or documents required to be maintained under this subdivision. Such accounts, records and documents shall be preserved for a period of three years, except that such commissioner may consent to their destruction within that period or may require that they be kept longer. Such accounts, records and documents may be kept within the meaning of this subdivision when reproduced by any photographic, photostatic, microfilm, micro-card, miniature photographic or other process which actually reproduces the original accounts, records or documents.

12. a. Each deposit initiator shall provide a report to the department describing all the types of beverage containers on which it initiates deposits. The report shall include the product name, type of beverage, size and composition of the beverage container, universal product code, the ways in which the deposit initiator attempts to prevent the fraudulent sale and redemption of brands of beverage containers it sells, and any other information the department may require. Upon request, a deposit initiator shall also provide to the department a copy of the container label or a picture of any beverage container sold or offered for sale in this state on which it initiates a deposit. Such information shall be provided in a form as prescribed by the department. The department may require that such forms be filed electronically.

b. A [bottler] beverage manufacturer may place on a beverage container a universal product code or other distinctive marking that is specific to the state or used only in the state and any other states with laws substantially similar to this title as a means of preventing the sale or redemption of beverage containers on which no deposit was initiated.

c. A [bottler] beverage manufacturer or deposit initiator shall notify the department, in a form prescribed by the department, whenever a beverage container or beverage container label is revised by altering the universal product code, or whenever the container on which a universal product code appears is changed in size, composition or glass color, or whenever the container or container label on which a universal product code appears is changed to include a universal product code that is unique to the state or used only in the state and any other states with laws substantially similar to this title.

d. The department may require the maintenance of such accounts, records or documents relating to the sale and redemption of beverage containers, by any deposit initiator, beverage manufacturer, distribu-
tor, dealer or redemption center as the department may deem appropriate
for the administration of this title. The department may make examina-
tions, including conducting facility inspections during regular busi-
ness hours, with respect to the accounts, records or documents required
to be maintained under this subdivision. Such accounts, records and
documents shall be preserved for a period of three years, except that
the department may consent to their destruction within that period or
may require that they be kept longer. Such accounts, records and docu-
ments may be kept within the meaning of this subdivision when reproduced
by any photographic, photostatic, microfilm, micro-card, miniature
photographic or other process which actually reproduces the original
accounts, records or documents.
§ 7. Section 27-1014 of the environmental conservation law, as amended
by section 10 of part SS of chapter 59 of the laws of 2009, is amended

In addition to the authority of the commissioner, under sections
27-1007, 27-1009, 27-1011, 27-1012, and 27-1013 of this title, the

necessary and appropriate for the administration of this title and to
prevent the fraudulent sale, labeling and redemption of beverage
containers in New York state.

section 27-1005 or paragraph a of subdivision nine of section 27-1012 of
this title on five thousand or more beverage containers in one or more
separate transactions within one year shall be guilty of a class B
misdemeanor.

(b) Any person, having previously been convicted of a violation of
paragraph (a) of this section within the past three years, who willfully
violates or directs another to violate the requirements to collect or charge the refund value imposed by section 27-1005 or paragraph a of subdivision nine of section 27-1012 of this title on five thousand or more beverage containers in one or more separate transactions within one year shall be guilty of a class A misdemeanor.

(c) Any person who willfully violates or directs another to violate the requirements to collect or charge the refund value imposed by section 27-1005 or paragraph a of subdivision nine of section 27-1012 of this title on twenty thousand or more beverage containers in one or more separate transactions within one year shall be guilty of a class E felony.

Nothing in this subdivision shall apply to common or contract carriers or warehousemen while engaged in lawfully transporting or storing such containers as merchandise, nor to any employee of such carrier or warehouseman acting within the scope of his or her employment. The above notwithstanding, if a person is observed selling, offering for sale, or otherwise distributing for compensation containers, of which the requirements to collect or charge the refund value imposed by section 27-1005 or paragraph a of subdivision nine of section 27-1012 have not been complied with, it shall be presumptive evidence that all such containers in such person's possession are considered being possessed with the intent to sell in New York state. It shall be an affirmative defense to the above presumptive evidence clause that containers, as described above, are not being possessed with the intent to sell in New York state, as long as the entity maintains with the containers, invoices, purchase orders, or other verifiable business records acceptable to the department, which clearly document that the containers are intended for sale to customers outside of New York state.

7. A violation of this title, except as otherwise provided in this section and section 27-1012 of this title, shall be a public nuisance.

8. All officers and employees, designated by the commissioner, and all police officers shall have power to seize as evidence without warrant any beverage container, whether full or empty, and any container including motor vehicles containing such containers, whenever they have cause to believe it is possessed or transported in violation of law, or it bears evidence of illegal sale or redemption, or it is possessed or transported under circumstances making the possession or transportation presumptive evidence of illegal sale or redemption.

9. If the defendant is held liable or found guilty in any prosecution, civil or criminal, for a violation involving the illegal sale or intent to sell beverages requiring a deposit or the illegal redemption of returnable beverage containers in violation of any provisions of this title, or if the defendant shall effect a civil compromise of any action or cause of action in favor of the state arising out of such violation, the defendant's interest in any and all beverages, beverage containers, whether full or empty, and any vehicle or other conveyance used during the commission of the violation of such provisions shall be forfeited to the state.

in full force and effect on and after April 1, 2019; and provided
further that the amendments to subdivision 5-a of section 27-1015 of the

not affect the repeal of such subdivision and shall be deemed repealed
therewith.

local law or ordinance, or any rule or regulation promulgated thereto,
governing the establishment of fees on paper carryout bags.

PART K

Section 1. Legislative intent. The legislature hereby finds that
consumers in the state do not have ready access to information about the
products they may use and the product ingredients they may be exposed to
every day. While the state has taken steps to ban certain product ingre-
dients known to be harmful to human health and the environment, more
must be done to give consumers real time access to product ingredient information so consumers can make informed decisions about which products to buy and use. Specifically, consumers should have the right to know if a product contains a carcinogen, mutagen or endocrine disruptors and other chemicals of concern, the state, as trustee of its natural resources should have the means to identify substances which may be discharged to the environment.

§ 2. Subdivision 1 of section 35-0103 of the environmental conservation law is amended to read as follows:

1. "[Household cleansing] Cleansing product" means any product, including but not limited to soaps and detergents, containing a surfactant as a wetting or dirt emulsifying agent and used primarily for domestic or, commercial, or industrial cleaning purposes, including but not limited to, the cleansing of fabrics, dishes, food utensils and household and commercial premises. [Household cleansing] Cleansing product shall not mean foods, drugs, cosmetics, insecticides, fungicides and rodenticides or cleansing products used primarily in industrial manufacturing, production and assembling processes as provided by the commissioner by rule and regulation.

§ 35-0107. Powers and duties of commissioner.

1. The commissioner is hereby authorized to promulgate regulations requiring manufacturers of [household] cleansing products distributed, sold or offered for sale in this state, to furnish to the commissioner for the public record as herein provided information regarding such products in a form prescribed by the commissioner including the nature and extent of investigations and research performed by the manufacturer concerning the effects of such products on human health and the environment. These reports shall be available to the public at the department of environmental conservation, except those portions the manufacturer determines, subject to the approval of the commissioner, would be, if disclosed, seriously prejudicial to the manufacturer's legitimate interest in trade secrets and economics of operation.

2. [No later than February 1, 1973 the commissioner shall prepare and submit a comprehensive report to the governor and legislature on the status of progress made in research and development to provide a safe and effective substitute for phosphates in household cleansing products.

3.] Whenever the commissioner finds, after investigation, that any ingredient of [household] cleansing products distributed, sold, offered or exposed for sale in this state, other than an ingredient for which limitations are set forth in subdivision 2 of section 35-0105, will or is likely to materially affect adversely human health or the environment, he may, after public hearing, restrict or limit by regulation the use of such ingredient in such products.

§ 4. Article 37 of the environmental conservation law is amended by adding a new title 9 to read as follows:

chemicals of concern that trigger the labeling and disclosure requirements of this title taking into account factors such as levels of exposure and the feasibility of requiring labeling for such products.

2. Any regulations promulgated pursuant to section 37-0905 of this title shall specify the content of such label and shall at a minimum, direct consumers to where they can find additional information about the product and its ingredients.

§ 37-0913. Enforcement.

ARTICLE 48-A
REGULATION OF PERSONAL CARE PRODUCTS
Section 4850. Declaration of legislative intent and findings.

4851. Definitions.
4852. Disclosure.
4853. Penalties.
4854. Severability.

§ 4850. Declaration of legislative intent and findings. There are tens of thousands of chemicals used commercially in the United States, and each year approximately 1,000 chemicals are added for commercial use. The majority of chemicals in commercial use in the United States, including those used as ingredients in personal care products, have never been fully tested for potential impacts on human health or the environment.

Some chemicals used in personal care products have been identified through scientific studies as being potential carcinogens, reproductive or developmental toxicants, or endocrine disruptors. Some have also been found through biomonitoring studies to be present in human blood, breast milk, or urine. These findings have led national and international agencies to develop lists of chemicals of concern based on the chemicals' potential to impact human health, and their presence in products that consumers use everyday.

Federal law requires personal care product labels to list ingredients. However, information concerning the potential health effects of exposure to these chemical ingredients is not widely available, chemicals used as fragrances or flavoring are exempt from labelling requirements, and personal care products sold for commercial use are not required to carry any ingredient labelling. At present, the only way to identify a product as containing a chemical of concern is to compare labeled product ingredients with chemical lists developed by many different agencies.

Furthermore, independent testing and laboratory analyses by other states have identified products that contain substances that could potentially cause harmful health effects but that are not identified as an ingredient on the product's label. Nevertheless, under the federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 et seq.), many personal
care products and their ingredients are not subject to premarket safety
testing, review, or approval before they are sold to the public.

Therefore, the legislature hereby finds and declares that the disclo-
sures required under federal law of ingredients contained in personal
care products fail to adequately educate and protect consumers. In
order to empower consumers with the information needed to make well-in-
formed decisions regarding products that their families are exposed to
daily, it shall be the policy of the state to require the personal care
product industry to more fully disclose the ingredients they use and,
where applicable, identify ingredients that have been published as a
chemical of concern on one or more lists identified by the commissioner.
This will benefit consumers, encourage manufacturers to remove poten-
tially harmful chemicals from their products, and encourage development
of innovative methods including green chemistry to replace these ingre-
dients with more environmentally-preferable alternatives.

§ 4851. Definitions. As used in this article, unless the context
requires otherwise:

1. "Ingredient" shall mean all of the following:
   (a) An intentionally added ingredient present in any quantity in the
       personal care product;
   (b) A nonfunctional byproduct or nonfunctional contaminant, present in
       a personal care product in any quantity exceeding one-half of one
       percent (0.5%) of the content of the product by weight or other amount
determined by the commissioner;
   (c) A nonfunctional byproduct present in a personal care product in
       any quantity not exceeding one-half of one percent (0.5%) of the content
       of the product by weight, provided such element or compound has been
       published as a chemical of concern on one or more lists identified by
       the commissioner;
   (d) A nonfunctional contaminant present in a personal care product in
       a quantity determined by the commissioner and not exceeding one-half of
       one percent (0.5%) of the content of the product by weight, provided
       such element or compound has been published as a chemical of concern on
       one or more lists identified by the commissioner.

2. "Intentionally added ingredient" shall mean any element or compound
   that a manufacturer has intentionally added to a personal care product,
   and which has a functional or technical effect in the finished product,
   including, but not limited to, the components of intentionally added
   fragrance, flavoring and colorants, and the intentional breakdown
   products of an added element or compound that also have a functional or
   technical effect on the finished product.

3. "Nonfunctional byproduct" shall mean any element or compound which
   has no functional or technical effect in the finished product which (a)
   was intentionally added during the manufacturing process for a personal
   care product at any point in a product's, a raw material's or ingredi-
   ent's supply chain or (b) was created for formed during the manufactur-
   ing process as an intentional or unintentional consequence of the manu-
   facturing process at any point in a product's, a raw material's, or an
   ingredient's supply chain. This shall include, but is not limited to, an
   unreacted raw material, a breakdown product of an intentionally added
   ingredient, or a byproduct of the manufacturing process.

4. "Nonfunctional contaminant" shall mean any element or compound
   present in a personal care product as an unintentional consequence of
   manufacturing which has no functional or technical effect in the
   finished product. Nonfunctional contaminants include, but are not limit-
   ed to, elements or compounds present in the environment as contaminants
which were introduced into a product, a raw material, or a product ingredient as a result of the use of an environmental medium, such as a naturally occurring mineral, air, soil or water, in the manufacturing process at any point in a product's, a raw material's, or an ingredient's supply chain.

5. "Manufacturer" shall mean any person, firm, association, partnership, limited liability company, or corporation which produces, prepares, formulates, or compounds a personal care product, or whose brand name is affixed to such product. In the case of a personal care product imported into the United States, "manufacturer" shall mean the importer or first domestic distributor of the product if the entity that manufactures the product or whose brand name is affixed to the product does not have a presence in the United States.

6. "Personal care product" shall mean articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and articles intended for use as a component of any such articles; except that such term shall not include soap.

7. "Soap" shall mean articles comprised entirely of an alkali salt of fatty acids where the detergent properties of the article are due to the alkali-fatty acid compounds, and the article shall be labeled, sold, and represented only as a soap.

§ 4852. Disclosure. 1. Manufacturers of personal care products distributed, sold or offered for sale in this state, whether at retail or wholesale, for personal or commercial use, or distributed for promotional purposes, shall furnish to the commissioner for public record and post on the manufacturer's website, in a manner prescribed by the commissioner that is readily accessible to the public and machine-readable, such information regarding such products pursuant to rules and regulations promulgated by the commissioner. For each personal care product, such information shall include, but shall not be limited to:

(a) A list naming each ingredient, as defined in subdivision one of section forty-eight hundred fifty-one of this article, of the product in descending order of predominance by weight in the product, except that ingredients present at a weight below one percent (1%) may be listed following other ingredients without respect to the order of predominance by weight;

(b) The nature and extent of investigations and research performed by or for the manufacturer concerning the effects on human health and the environment of such product or such ingredients; and

(c) Where applicable, a statement disclosing that an ingredient is published as a chemical of concern on one or more lists identified by the commissioner.

2. Such manufacturers shall furnish information on or before July first, two thousand twenty and every two years thereafter. In addition, such manufacturers shall furnish such information prior to the sale of any new personal care product, when the formulation of a currently disclosed product is changed such that the predominance of the ingredients in such product is changed, when any list of chemicals of concern identified by the commissioner pursuant to this article is changed to include an ingredient present in a personal care product subject to this article, or at such other times as may be required by the commissioner.

3. Such information shall be made available to the public by the commissioner and manufacturer, in accordance with this section, with the exception of those portions which the manufacturer determines, subject
to the approval of the commissioner, is related to a proprietary process
the disclosure of which would compromise the manufacturer's competitive
position. The commissioner shall not approve any exceptions under this
subdivision with respect to any ingredient published as a chemical of
concern on one or more lists identified by the commissioner.

§ 4853. Penalties. A manufacturer in violation of this article is
subject to a civil penalty not to exceed five thousand dollars for each
violation in the case of a first offense. Manufacturers who are repeat
violators are subject to a civil penalty not to exceed ten thousand
dollars for each repeat offense.

§ 4854. Severability. The provisions of this article shall be severa-
ble and if any phrase, clause, sentence or provision of this article, or
the applicability thereof to any person or circumstance shall be held
invalid, the remainder of this article and the application thereof shall
not be affected thereby.

§ 6. This act shall take effect on the sixtieth day after it shall
have become a law, provided, however, that any rule or regulation
promulgated pursuant to this act shall not take effect prior to April 1,
2021; provided, however, that section five of this act shall take effect
on January 1, 2020, provided that, effective immediately, the commis-
sioner of health shall be authorized to promulgate any and all rules and
regulations necessary to implement the provisions of section five on its
effective date.

§ 711. Licensing. 1. Except as provided in subdivisions two and three
of this section, no person shall engage in the business of servicing
student loans owed by one or more borrowers residing in this state with-
out first being licensed by the superintendent as a student loan serv-
icer in accordance with this article and such regulations as may be
prescribed by the superintendent.
2. The licensing provisions of this article shall not apply to any
exempt organization that is a student loan servicer; provided that such
exempt organization notifies the superintendent that it is servicing
student loans in this state and complies with sections seven hundred
seventeen, seven hundred nineteen, seven hundred twenty-one, and seven
hundred twenty-five of this article and any regulation applicable to
student loan servicers promulgated by the superintendent.
3. A license is not required to engage in the business of servicing federal student loans. A person, other than an exempt organization, that services federal student loans owed by one or more borrowers residing in this state, which is not otherwise required to be licensed pursuant to this section, shall notify the superintendent that it is servicing federal student loans in this state and comply with sections seven hundred seventeen, seven hundred nineteen, seven hundred twenty-one, seven hundred twenty-two, seven hundred twenty-three and seven hundred twenty-five of this article and any regulation applicable to student loan servicers promulgated by the superintendent. The provisions of section thirty-three, thirty-nine, and forty-four of this chapter shall apply to a person required to notify the superintendent under this subdivision, as though they were a licensed student loan servicer.

§ 712. Application for a student loan servicer license; fees. 1. The application for a license to engage in the business of servicing student loans shall be in writing, under oath, and in the form prescribed by the superintendent. Notwithstanding article three of the state technology law or any other law to the contrary, the superintendent may require that an application for a license or any other submission or application for approval as may be required by this article be made or executed by electronic means if he or she deems it necessary to ensure the efficient and effective administration of this article. The application shall include a description of the activities of the applicant, in such detail and for such periods as the superintendent may require; including:
   (a) an affirmation of financial solvency noting such capitalization requirements as may be required by the superintendent, and access to such credit as may be required by the superintendent;

   (e) any additional detail or information required by the superintendent.

2. An application to become a licensed student loan servicer or any application with respect to a student loan servicer shall be accomplished by a fee as prescribed pursuant to section eighteen-a of this chapter.

§ 713. Application process to receive license to engage in the business of student loan servicing. 1. Upon the filing of an application for a license, if the superintendent shall find that the financial responsibility, experience, character, and general fitness of the applicant and, if applicable, the members, officers, partners, directors and principals of the applicant are such as to command the confidence of the community and to warrant belief that the business will be operated honestly, fairly, and efficiently within the purpose of this article, the superintendent shall thereupon issue a license in duplicate to engage in the business of servicing student loans described in section seven hundred ten of this article in accordance with the provisions of this article. If the superintendent shall not so find, the superintendent shall not issue
a license, and the superintendent shall so notify the applicant. The 
superintendent shall transmit one copy of a license to the applicant and 
file another in the office of the department of financial services. Upon 
receipt of such license, a student loan servicer shall be authorized to 
engage in the business of servicing student loans in accordance with the 
provisions of this article. Such license shall remain in full force and 
effect until it is surrendered by the servicer or revoked or suspended 
as hereinafter provided.

2. The superintendent may refuse to issue a license pursuant to this 
article if he or she shall find that the applicant, or any person who is 
a director, officer, partner, agent, employee, member, or substantial 
stockholder of the applicant:

(a) has been convicted of a crime involving an activity which is a 
felony under this chapter or under article one hundred fifty-five, one 
hundred seventy, one hundred seventy-five, one hundred seventy-six, one 
hundred eighty, one hundred eighty-five, one hundred eighty-seven, one 
hundred ninety, two hundred, two hundred ten or four hundred seventy of 
the penal law or any comparable felony under the laws of any other state 
of the United States, provided that such crime would be a felony if 
committed and prosecuted under the laws of this state;

(b) has had a license or registration revoked by the superintendent or 
any other regulator or jurisdiction;

(c) has been an officer, director, partner, member or substantial 
stockholder of an entity which has had a license or registration revoked 
by the superintendent or any other regulator or jurisdiction; or

(d) has been an agent, employee, officer, director, partner or member 
of an entity which has had a license or registration revoked by the 
superintendent where such person shall have been found by the super-
intendent to bear responsibility in connection with the revocation.

3. The term "substantial stockholder", as used in this section, shall 
be deemed to refer to a person owning or controlling directly or indi-
rectly ten per centum or more of the total outstanding stock of a corpo-
ration.

§ 714. Changes in officers and directors. Upon any change of any of 
the executive officers, directors, partners or members of any student 
loan servicer required to be licensed under section seven hundred eleven 
of this article, the student loan servicer shall submit to the super-
intendent the name, address, and occupation of each new officer, direc-
tor, partner or member, and provide such other information as the super-
intendent may require.

§ 715. Changes in control. 1. It shall be unlawful except with the 
prior approval of the superintendent for any action to be taken which 
results in a change of control of the business of a student loan servicer 
required to be licensed under section seven hundred eleven of this 
article. Prior to any change of control, the person desirous of acquir-
ing control of the business of a student loan servicer shall make writ-
ten application to the superintendent and pay an investigation fee as 
prescribed pursuant to section eighteen-a of this chapter to the super-
intendent. The application shall contain such information as the super-
intendent, by rule or regulation, may prescribe as necessary or appro-
priate for the purpose of making the determination required by 
subdivision two of this section. This information shall include but not 
be limited to the information and other material required for a student 
loan servicer by subdivision one of section seven hundred twelve of this 
article.
2. The superintendent shall approve or disapprove the proposed change of control of a student loan servicer required to be licensed under section seven hundred eleven of this article in accordance with the provisions of section seven hundred thirteen of this article.

3. For a period of six months from the date of qualification thereof and for such additional period of time as the superintendent may prescribe, in writing, the provisions of subdivisions one and two of this section shall not apply to a transfer of control by operation of law to the legal representative, as hereinafter defined, of one who has control of a student loan servicer. Thereafter, such legal representative shall comply with the provisions of subdivisions one and two of this section. The provisions of subdivisions one and two of this section shall be applicable to an application made under such section by a legal representative. The term "legal representative", for the purposes of this subdivision, shall mean one duly appointed by a court of competent jurisdiction to act as executor, administrator, trustee, committee, conservator or receiver, including one who succeeds a legal representative and one acting in an ancillary capacity thereto in accordance with the provisions of such court appointment.

4. As used in this section the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a student loan servicer, whether through the ownership of voting stock of such student loan servicer, the ownership of voting stock of any person which possesses such power or otherwise. Control shall be presumed to exist if any person, directly or indirectly, owns, controls or holds with power to vote ten per centum or more of the voting stock of any student loan servicer or of any person which owns, controls or holds with power to vote ten per centum or more of the voting stock of any student loan servicer, but no person shall be deemed to control a student loan servicer solely by reason of being an officer or director of such student loan servicer. The superintendent may, in his or her discretion, upon the application of a student loan servicer or any person who, directly or indirectly, owns, controls or holds with power to vote or seeks to own, control or hold with power to vote any voting stock of such student loan servicer, determine whether or not the ownership, control or holding of such voting stock constitutes or would constitute control of such student loan servicer for purposes of this section.

§ 716. Grounds for suspension or revocation of license. 1. After notice and hearing, the superintendent may revoke or suspend any license to engage in the business of a student loan servicer issued pursuant to this article if he or she shall find that:

(a) a servicer has violated any provision of this article, any rule or regulation promulgated by the superintendent under and within the authority of this article, or any other applicable law;

(b) any fact or condition exists which, if it had existed at the time of the original application for such license, would have warranted the superintendent refusing originally to issue such license;

(c) a servicer does not cooperate with an examination or investigation by the superintendent;

(d) a servicer engages in fraud, intentional misrepresentation, or gross negligence in servicing a student loan;

(e) the competence, experience, character, or general fitness of the servicer, an individual controlling, directly or indirectly, ten percent or more of the outstanding interests, or any person responsible for servicing a student loan for the servicer indicates that it is not in
the public interest to permit the servicer to continue servicing student loans;
(f) the servicer engages in an unsafe or unsound practice;
(g) the servicer is insolvent, suspends payment of its obligations, or makes a general assignment for the benefit of its creditors; or
(h) a servicer has violated the laws of this state, any other state or any federal law involving fraudulent or dishonest dealing, or a final judgement has been entered against a student loan servicer in a civil action upon grounds of fraud, misrepresentation or deceit.

2. The superintendent may, on good cause shown, or where there is a substantial risk of public harm, suspend any license for a period not exceeding thirty days, pending investigation. "Good cause", as used in this subdivision, shall exist when a student loan servicer has defaulted or is likely to default in performing its financial engagements or engages in dishonest or inequitable practices which may cause substantial harm to the persons afforded the protection of this article.

3. Except as provided in subdivision two of this section, no license shall be revoked or suspended except after notice and hearing thereon. Any order of suspension issued after notice and a hearing may include as a condition of reinstatement that the student loan servicer make restitution to consumers of fees or other charges which have been improperly charged or collected, including but not limited to by allocating payments contrary to a borrower's direction or in a manner that fails to help a borrower avoid default, as determined by the superintendent. Any hearing held pursuant to the provisions of this section shall be noticed, conducted and administered in compliance with the state administrative procedure act.

4. Any student loan servicer may surrender any license by delivering to the superintendent written notice that it thereby surrenders such license, but such surrender shall not affect such servicer's civil or criminal liability for acts committed prior to such surrender. If such surrender is made after the issuance by the superintendent of a statement of charges and notice of hearing, the superintendent may proceed against the servicer as if such surrender had not taken place.

5. No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the student loan servicer and any person, including the department of financial services.

6. Every license issued pursuant to this article shall remain in force and effect until the same shall have been surrendered, revoked or suspended in accordance with any other provisions of this article.

7. Whenever the superintendent shall revoke or suspend a license issued pursuant to this article, he or she shall forthwith execute in duplicate a written order to that effect. The superintendent shall file one copy of such order in the office of the department and shall forthwith serve the other copy upon the student loan servicer. Any such order may be reviewed in the manner provided by article seventy-eight of the civil practice law and rules.

§ 717. Books and records; reports and electronic filing. 1. Each student loan servicer shall keep and use in its business such books, accounts and records as will enable the superintendent to determine whether such servicer or exempt organization is complying with the provisions of this article and with the rules and regulations lawfully made by the superintendent. Every servicer shall preserve such books, accounts, and records, for at least three years.
2. (a) Each student loan servicer, other than an exempt organization, shall annually, on or before a date to be determined by the superintendent, file a report with the superintendent giving such information as the superintendent may require concerning the business and operations during the preceding calendar year of such servicer under authority of this article. Such report shall be subscribed and affirmed as true by the servicer under the penalties of perjury and shall be in the form prescribed by the superintendent.

(b) In addition to annual reports, the superintendent may require such additional regular or special reports as he or she may deem necessary to the proper supervision of student loan servicers under this article. Such additional reports shall be subscribed and affirmed as true by the servicer under the penalties of perjury and shall be in the form prescribed by the superintendent.

3. Notwithstanding article three of the state technology law or any other law to the contrary, the superintendent may require that any submission or approval as may be required by the superintendent be made or executed by electronic means if he or she deems it necessary to ensure the efficient administration of this article.

§ 718. Rules and Regulations. 1. In addition to such powers as may otherwise be prescribed by law, the superintendent is hereby authorized and empowered to promulgate such rules and regulations as may in the judgement of the superintendent be consistent with the purposes of this article, or appropriate for the effective administration of this article, including, but not limited to:

(a) Such rules and regulations in connection with the activities of student loan servicers as may be necessary and appropriate for the protection of borrowers in this state.

(b) Such rules and regulations as may be necessary and appropriate to define unfair, deceptive or abusive acts or practices in connection with the activities of student loan servicers.

(c) Such rules and regulations as may define the terms used in this article and as may be necessary and appropriate to interpret and implement the provisions of this article.

(d) Such rules and regulations as may be necessary for the enforcement of this article.

2. The superintendent is hereby authorized and empowered to make such specific rulings, demands and findings as the superintendent may deem necessary for the proper conduct of the student loan servicing industry.

§ 719. Prohibited practices. No student loan servicer shall:

1. Engage in any unfair, deceptive or predatory act or practice toward any person or misrepresent or omit any material information in connection with the servicing of a student loan, including, but not limited to, misrepresenting the amount, nature or terms of any fee or payment due or claimed to be due on a student loan, the terms and conditions of the loan agreement or the borrower's obligations under the loan;

2. Misapply payments to the outstanding balance of any student loan or to any related interest or fees;

3. Provide inaccurate information to a consumer reporting agency;

4. Refuse to communicate with an authorized representative of the borrower who provides a written authorization signed by the borrower, provided that the servicer may adopt procedures reasonably related to
verifying that the representative is in fact authorized to act on behalf of the borrower;
6. Make any false statement or make any omission of a material fact in connection with any information or reports filed with a governmental agency or in connection with any investigation conducted by the superintendent or another governmental agency;
7. Fail to respond within fifteen calendar days to communications from the department, or within such shorter, reasonable time as the department may request in his or her communication; or
8. Fail to provide a response within fifteen calendar days to a consumer complaint submitted to the servicer by the department. If necessary, a student loan servicer may request additional time up to a maximum of forty-five calendar days, provided that such request is accompanied by an explanation why such additional time is reasonable and necessary.
§ 720. Servicing student loans without a license. 1. Whenever, in the opinion of the superintendent, a person is engaged in the business of servicing student loans, other than federal loans, either actually or through subterfuge, without a license from the superintendent, the superintendent may order that person to desist and refrain from engaging in the business of servicing student loans in the state. If, within thirty days after an order is served, a request for a hearing is filed in writing and the hearing is not held within sixty days of the filing, the order shall be rescinded.
2. This section does not apply to exempt organizations.
§ 721. Responsibilities. 1. If a student loan servicer regularly reports information to a consumer reporting agency, the servicer shall accurately report a borrower's payment performance to at least one consumer reporting agency that compiles and maintains files on consumers on a nationwide basis as defined in Section 603(p) of the federal Fair Credit Reporting Act (15 U.S.C. Sec. 1681a(p)), upon acceptance as a data furnisher by that consumer reporting agency.
2. (a) Except as provided in federal law or required by a student loan agreement, a student loan servicer shall inquire of a borrower how to apply a borrower's nonconforming payment. A borrower's direction on how to apply a nonconforming payment shall remain in effect for any future nonconforming payment during the term of a student loan until the borrower provides different directions.
   (b) For purposes of this subdivision, "nonconforming payment" shall mean a payment that is either more or less than the borrower's required student loan payment.
3. (a) If the sale, assignment, or other transfer of the servicing of a student loan results in a change in the identity of the person to whom the borrower is required to send subsequent payments or direct any communications concerning the student loan, a student loan servicer shall transfer all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, to the new student loan servicer servicing the borrower's student loan within forty-five days.
   (b) A student loan servicer shall adopt policies and procedures to verify that it has received all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, when the servicer obtains the right to service a student loan.
4. If a student loan servicer sells, assigns, or otherwise transfers the servicing of a student loan to a new servicer, the sale, assignment or other transfer shall be completed at least seven days before the borrower's next payment is due.

5. (a) A student loan servicer that sells, assigns, or otherwise transfers the servicing of a student loan shall require as a condition of such sale, assignment or other transfer that the new student loan servicer shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were represented as being available but for which the borrower had not yet qualified.

(b) A student loan servicer that obtains the right to service a student loan shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were represented as being available but for which the borrower had not yet qualified.

6. A student loan servicer shall respond within thirty days after receipt to a written inquiry from a borrower or a borrower's representative.

7. A student loan servicer shall preserve records of each student loan and all communications with borrowers for not less than two years following the final payment on such student loan or the sale, assignment or other transfer of the servicing of such student loan, whichever occurs first, or such longer period as may be required by any other provision of law.

§ 722. Examinations. 1. The superintendent may at any time, and as often as he or she may determine, either personally or by a person duly designated by the superintendent, investigate the business and examine the books, accounts, records, and files used therein of every student loan servicer. For that purpose the superintendent and his or her duly designated representative shall have free access to the offices and places of business, books, accounts, papers, records, files, safes and vaults of all such servicers. The superintendent and any person duly designated by him or her shall have authority to require the attendance of and to examine under oath all persons whose testimony he or she may require relative to such business.

2. No person subject to investigation or examination under this section may knowingly withhold, abstract, remove, mutilate, destroy or secrete any books, records, computer records or other information.

3. (ii) sent by or on behalf of the plaintiff to such limited liability company by registered or certified mail with return receipt requested to the last address of such limited liability company known to the plaintiff.

(ii) Where service of a copy of process was effected by mailing in accordance with this section, proof of service shall be by affidavit of compliance with this section filed, together with the process, within thirty days after receipt of the return receipt signed by the limited liability company or other official proof of delivery or of the original envelope mailed. If a copy of the process is mailed in accordance with this section, there shall be filed with the affidavit of compliance either the return receipt signed by such limited liability company or other official proof of delivery, if acceptance was refused by it, the original envelope with a notation by the postal authorities that acceptance was refused. If acceptance was refused a copy of the notice and process together with notice of the mailing by registered or certified mail and refusal to accept shall be promptly sent to such limited liability company at the same address by ordinary mail and the affidavit of compliance shall so state. Service of process shall be complete ten days after such papers are filed with the clerk of the court. The refusal to accept delivery of the registered or certified mail or to sign the return receipt shall not affect the validity of the service and such limited liability company refusing to accept such registered or certified mail shall be charged with knowledge of the contents thereof.

1991, and subdivision 8 as added by section 6 of part C of chapter 57 of 
the laws of 2014, is amended to read as follows:

§ 145. Penalties and forfeitures for violations. 1. (a) Any certif-

or modified, in whole or in part, for failure to comply with the 
provisions of this chapter or with any lawful rule, order or regulation
of the commissioner promulgated hereunder or with any term, condition, 
or limitation of such certificate or permit or for failure to render 
reasonably continuous service within the scope of the certificate or 
permit.

(b) Whenever the commissioner has reasonable grounds to believe that 
failure to comply with the provisions of this chapter or with any lawful 
rule, order or regulation of the commissioner promulgated hereunder or 
with any term, condition, or limitation of such certificate or permit 
endangers the health, safety, and welfare of the public, the commissio-

part, any certificate or permit issued pursuant to this chapter 
provided, however, that the commissioner shall give notice and opportu-

cancellation, revocation, or modification of the certificate or permit.

2. The commissioner may upon complaint or upon the commissioner's 
initiative without complaint institute proceedings to revoke, cancel, 
suspend or modify any certificate or permit issued pursuant to this 
chapter after a hearing at which the holder of such certificate or

tunity to be heard. Provided, however, that any order of the commissioner 
revoking, cancelling, suspending or modifying any certificate or permit 
shall not become effective until thirty days after the serving of notice 
thereof upon the holder of such certificate or permit, unless the 
commissioner determines that the continued holding of such certificate 
or permit for such period would be contrary to the public interest. 
Hearings shall be held in such manner and upon such notice as may be 
prescribed by rules of the commissioner, but such notice shall be of not 
less than ten days and shall state the nature of the complaint. The 
commissioner may, upon suspension, cancellation, revocation or modifica-
tion, in whole or in part, of any certificate or permit pursuant to 
paragraph (a) of subdivision one of this section, notify the commissio-
er of motor vehicles to that effect and the commissioner of motor vehi-

of this section, suspend the registration or registrations of all motor 
vehicles owned or operated by the holder of the revoked, cancelled, 
suspended or modified certificate or permit, except private passenger 
automobiles, until such time as the commissioner gives notice that the 
violation has been satisfactorily adjusted. The commissioner of motor 
vehicles may direct any police officer to secure possession of the vehi-
icle plates and to return the same to the commissioner of motor vehicles. 
Failure of the holder or of any person possessing the vehicle plates to

purposes of this section and where the commissioner of motor vehicles 
has reasonable grounds to believe that such registration or renewal will 
have the effect of defeating the purposes of this section. The procedure

the case of a suspension under the vehicle and traffic law. Operation of
any motor vehicle while under suspension as herein provided by any

violation enumerated in this subdivision, or pursuant to the authority of a
warrant issued under article six hundred ninety of the criminal proce-
dure law, an officer shall remove or arrange for the removal of the
vehicle or vehicles used in the commission of the offense to a garage,
amount of safety, or other place of safety where it shall remain
impounded subject to the provisions of subdivisions two through seven of
section five hundred eleven-b of the vehicle and traffic law and the
vehicle shall be entered into the New York statewide police information
network as an impounded vehicle and the impounding police department
shall promptly notify the owner and the local authority that the vehicle
has been impounded.

dollars [in] for any one [proceeding] violation upon any person if the
commissioner finds that such person or officer, agent, or employee there-

rule, regulation or order of the commissioner promulgated thereunder. If
such penalty is not paid within [four months] thirty days, the amount
thereof may be entered as a judgment in the office of the clerk of the
county of Albany and in any other county in which the person resides,
has a place of business or through which it operates. Thereafter, if
said judgment has not been satisfied within ninety days, any certificate
or permit held by any such person may be revoked upon notice but without
a further hearing[]. Provided, however, that if a person shall apply for
a rehearing of the determination of the penalty pursuant to the
provisions of section eighty-nine of this chapter, judgment shall not be
entered until a determination has been made on the application for a

date of service of the rehearing decision, the amount of such penalty
may be entered as a judgment in the office of the clerk of the county of
Albany and in any other county in which the person resides, has a place
of business or through which it operates. Thereafter, if said judgment
has not been satisfied within ninety days, any certificate or permit
held by any such person may be revoked upon notice but without a further
hearing[] and the commissioner may notify the commissioner of motor
vehicles to that effect and the commissioner of motor vehicles shall
thereupon suspend the registration or registrations of the motor vehicle
vehicles used in the commission of the underlying offense, and the

to evade the purposes of this subdivision and where the commissioner of
motor vehicles has reasonable grounds to believe that such registration
or renewal will have the effect of defeating the purposes of this section. distribution service, and the measures herein, undertake actions to
design and administer renewable energy and energy efficiency measures in
the service area, with the goal of continuing and expanding such meas-
eres that cost-effectively reduce system-wide peak demand, minimize
long-term fuel price risk to rate payers, lower emissions, improve envi-
ronmental quality, including the requirements established pursuant to
and consistent with section seventy-seven-a of the public service law,
section 75-0103 of the environmental conservation law and section 6-105
of the energy law and seek to meet New York state climate change and

§ 75-0103. Statewide greenhouse gas emissions limits.

Within two years of the effective date of this article, the department shall promulgate a statewide greenhouse gas emissions limit measured in units of carbon dioxide equivalent for the year two thousand thirty, at which statewide greenhouse gas emissions would achieve a forty percent reduction from nineteen hundred ninety emission levels based on an inventory of statewide emissions developed or approved by the department. The department may periodically revise the limit based on new information.

§ 75-0105. Regulations to achieve statewide greenhouse gas emissions reductions.

1. In addition to regulations promulgated by the department pursuant to existing authority established by this chapter, no later than four years after the effective date of this article, the department shall promulgate rules and regulations consistent with measures recommended in the carbon neutrality roadmap issued by the climate action council to support compliance with the statewide greenhouse gas emission limits established by the department pursuant to section 75-0103 of this article.

(d) mechanisms to minimize leakage.

§ 75-0107. Value of carbon.

1. No later than one year after the effective date of this article, the department, in consultation with the energy research and development authority, shall establish a social cost of carbon for use by New York state agencies, expressed in terms of dollars per ton of carbon dioxide equivalent.

2. The social cost of carbon shall serve as a monetary estimate of the value of not emitting a ton of greenhouse gas emissions. As determined by the department, the social cost of carbon may be based on marginal greenhouse gas abatement costs or on the global economic, environmental,
and social impacts of emitting a marginal ton of greenhouse gas emissions into the atmosphere, utilizing a range of appropriate discount rates, including a rate of zero.

3. In developing the social cost of carbon, the department shall consider prior or existing estimates of the social cost of carbon issued or adopted by the federal government, appropriate international bodies, or other appropriate and reputable scientific organizations.

§ 10. This act shall take effect immediately.

The director shall promulgate rules and regulations [pursuant to] findings of the most recent disparity study that provide measures and procedures to ensure that certified minority and women-owned businesses shall be given the opportunity for maximum feasible participation in the performance of state contracts and to assist in the agency's identification of those state contracts for which minority and women-owned certified businesses may best bid to actively and affirmatively promote and assist their participation in the performance of state contracts [so as to facilitate the agency's achievement of the maximum feasible portion of the goals for state contracts to such businesses].

2-a. The director shall promulgate rules and regulations that will accomplish the following:

(a) provide for the certification and decertification of minority and women-owned business enterprises for all agencies through a single process that meets applicable requirements;

(b) require that each contract solicitation document accompanying each solicitation set forth the expected degree of minority and women-owned business enterprise participation based, in part, on:

(i) the potential subcontract opportunities available in the prime procurement contract; [and]

(ii) the availability[, as contained within the study,] of certified minority and women-owned business enterprises to respond competitively to the potential subcontract opportunities as reflected in the division's directory of certified minority and women-owned business enterprises; and

(iii) the findings of the disparity study;

(c) require that each agency provide a current list of certified minority business enterprises to each prospective contractor or direct them to the division's directory of certified minority and women-owned business enterprises for such purpose;

(d) allow a contractor that is a certified minority-owned or women-owned business enterprise to use the work it performs to meet requirements for use of certified minority-owned or women-owned business enterprises as subcontractors;

(e) establish criteria for agencies to credit the participation of minority and women-owned business enterprises towards the achievement of the minority and women-owned business enterprise participation goals on a state contract based on the commercially useful function provided by each minority and women-owned business enterprise on the contract;

(f) provide for joint ventures, which a bidder may count toward meeting its minority and women-owned business enterprise participation;

[(f)] (g) consistent with subdivision six of this section, provide for circumstances under which an agency or state-funded entity may waive obligations of the contractor relating to minority and women-owned business enterprise participation;

[(g)] (h) require that an agency or state-funded entity verify that minority and women-owned business enterprises listed in a successful bid are actually participating to the extent listed in the project for which the bid was submitted;

[(h)] (i) provide for the collection of statistical data by each agency or state-funded entity concerning actual minority and women-owned business enterprise participation; [and]

(i) (j) require each agency to consult the most current disparity study when calculating [agency-wide and contract specific] participation goals pursuant to this article; and
(k) provide for the periodic collection of reports from state-funded entities in such form and at such time as the director shall require.

3. Solely for the purpose of providing the opportunity for meaningful participation by certified businesses in the performance of state contracts as provided in this section, state contracts shall include leases of real property by a state agency to a lessee where: the terms of such leases provide for the construction, demolition, replacement, major repair or renovation of real property and improvements thereon by such lessee; and the cost of such construction, demolition, replacement, major repair or renovation of real property and improvements thereon shall exceed the sum of one hundred thousand dollars. Reports to the director pursuant to section three hundred fifteen of this article shall include activities with respect to all such state contracts. Contracting agencies shall include or require to be included with respect to state contracts for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon, such provisions as may be necessary to effectuate the provisions of this section in every bid specification and state contract, including, but not limited to: (a) provisions requiring contractors to make a good faith effort to solicit active participation by enterprises identified in the directory of certified businesses [provided to the contracting agency by the office]; (b) requiring the parties to agree as a condition of entering into such contract, to be bound by the provisions of section three hundred sixteen of this article; and (c) requiring the contractor to include the provisions set forth in paragraphs (a) and (b) of this subdivision in every subcontract in a manner that the provisions will be binding upon each subcontractor as to work in connection with such contract. Provided, however, that no such provisions shall be binding upon contractors or subcontractors in the performance of work or the provision of services that are unrelated, separate or distinct from the state contract as expressed by its terms, and nothing in this section shall authorize the director or any contracting agency to impose any requirement on a contractor or subcontractor except with respect to a state contract.

4. In the implementation of this section, the contracting agency shall (a) consult the findings contained within the disparity study evidencing relevant industry specific [availability of certified businesses] disparities in the utilization of minority and women-owned businesses relative to their availability; (b) implement a program that will enable the agency to evaluate each contract to determine the [appropriateness of the] appropriate goal [pursuant to subdivision one of this section] for participation by minority-owned business enterprises and women-owned business enterprises; (c) consider where practicable, the severability of construction projects and other bundled contracts; and (d) consider compliance with the requirements of any federal law concerning opportunities for minority and women-owned business enterprises which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of any such law duplicate or conflict with the provisions hereof and if such duplication or conflict exists, the contracting agency shall waive the applicability of this section to the extent of such duplication or conflict.

5. (a) Contracting agencies shall administer the rules and regulations promulgated by the director in a good faith effort to [meet] achieve the
maximum feasible [portion of the agency's goals] participation by minority and women owned business enterprises adopted pursuant to this article and the regulations of the director. Such rules and regulations: shall require a contractor to submit a utilization plan after bids are opened, when bids are required, but prior to the award of a state contract; shall require the contracting agency to review the utilization plan submitted by the contractor and to post the utilization plan and any waivers of compliance issued pursuant to subdivision six of this section on the website of the contracting agency within a reasonable period of time as established by the director; shall require the contracting agency to notify the contractor in writing within a period of time specified by the director as to any deficiencies contained in the contractor's utilization plan; shall require remedy thereof within a period of time specified by the director; shall require the contractor to submit periodic compliance reports relating to the operation and implementation of any utilization plan; shall not allow any automatic waivers but shall allow a contractor to apply for a partial or total waiver of the minority and women-owned business enterprise participation requirements pursuant to subdivisions six and seven of this section; shall allow a contractor to file a complaint with the director pursuant to subdivision eight of this section in the event a contracting agency has failed or refused to issue a waiver of the minority and women-owned business enterprise participation requirements or has denied such request for a waiver; and shall allow a contracting agency to file a complaint with the director pursuant to subdivision nine of this section in the event a contractor is failing or has failed to comply with the minority and women-owned business enterprise participation requirements set forth in the state contract where no waiver has been granted.

(b) The rules and regulations promulgated pursuant to this subdivision regarding a utilization plan shall provide that where enterprises have been identified within a utilization plan, a contractor shall attempt, in good faith, to utilize such enterprise at least to the extent indicated. A contracting agency may require a contractor to indicate, within a utilization plan, what measures and procedures he or she intends to take to comply with the provisions of this article, but may not require, as a condition of award of, or compliance with, a contract that a contractor utilize a particular enterprise in performance of the contract.

(c) Without limiting other grounds for the disqualification of bids or proposals on the basis of non-responsibility, a contracting agency may disqualify the bid or proposal of a contractor as being non-responsible for failure to remedy notified deficiencies contained in the contractor's utilization plan within a period of time specified in regulations promulgated by the director after receiving notification of such deficiencies from the contracting agency. Where failure to remedy any notified deficiency in the utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting agency. Where the contracting agency states that a failure to remedy any notified deficiency in the utilization plan is a ground for disqualification the contractor shall be entitled to an administrative hearing, on a record, involving all grounds stated by the contracting agency. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice.
law and rules, provided that such proceeding is commenced within thirty
days of the notice given by certified mail return receipt requested
rendering such final administrative determination. Such proceeding shall
be commenced in the supreme court, appellate division, third department
and such proceeding shall be preferred over all other civil causes
except election causes, and shall be heard and determined in preference
to all other civil business pending therein, except election matters,
irrespective of position on the calendar. Appeals taken to the court of
appeals of the state of New York shall be subject to the same prefer-
ence.

6. Where it appears that a contractor cannot, after a good faith
effort, comply with the minority and women-owned business enterprise
participation requirements set forth in a particular state contract, a
contractor may file a written application with the contracting agency
requesting a partial or total waiver of such requirements setting forth
the reasons for such contractor's inability to meet any or all of the
participation requirements together with an explanation of the efforts
undertaken by the contractor to obtain the required minority and women-
owned business enterprise participation. In implementing the provisions
of this section, the contracting agency shall consider the number and
types of minority and women-owned business enterprises [located] avail-
able to provide goals or services required under the contract in the
region in which the state contract is to be performed, the total dollar
value of the state contract, the scope of work to be performed and the
project size and term. If, based on such considerations, the contracting
agency determines there is not a reasonable availability of contractors
on the list of certified business to furnish services for the project,
it shall issue a waiver of compliance to the contractor. In making such
determination, the contracting agency shall first consider the avail-
ability of other business enterprises located in the region and shall
thereafter consider the financial ability of minority and women-owned
businesses located outside the region in which the contract is to be
performed to perform the state contract.

7. For purposes of determining a contractor's good faith effort to
comply with the requirements of this section or to be entitled to a
waiver therefrom the contracting agency shall consider, among other
things:

(a) whether the contractor has advertised in general circulation
media, trade association publications, and minority-focus and women-foc-
us media or other forms of advertisement and, in such event, (i) wheth-
er or not certified minority or women-owned businesses which have been
solicited by the contractor exhibited interest in submitting proposals
for a particular project by communication or other form of contract with
the contractor or attending a pre-bid conference, if any, scheduled by
the state agency awarding the state contract with certified minority and
women-owned business enterprises; and

(ii) whether certified businesses which have been solicited by the
contractor have responded in a timely fashion to the contractor's solic-
itations for timely competitive bid quotations prior to the contracting
agency's bid date; and

(b) whether [there has been] the contractor provided timely written
notification of subcontracting opportunities on the state contract to
appropriate certified businesses that appear in the directory of certi-
fied businesses prepared pursuant to paragraph (f) of subdivision three
of section three hundred eleven of this article; and
(c) whether the contractor can reasonably structure the amount of work to be performed under subcontracts in order to increase the likelihood of participation by certified businesses.

8. In the event that a contracting agency fails or refuses to issue a waiver to a contractor as requested within twenty days after having made application therefor pursuant to subdivision six of this section or if the contracting agency denies such application, in whole or in part, the contractor may file a complaint with the director pursuant to section three hundred sixteen of this article setting forth the facts and circumstances giving rise to the contractor's complaint together with a demand for relief. The contractor shall serve a copy of such complaint upon the contracting agency by personal service or by certified mail, return receipt requested. The contracting agency shall be afforded an opportunity to respond to such complaint in writing.

9. If, after the review of a contractor's minority and women-owned business utilization plan or review of a periodic compliance report and after such contractor has been afforded an opportunity to respond to a notice of deficiency issued by the contracting agency in connection therewith, it appears that a contractor is failing or refusing to comply with the minority and women-owned business participation requirements as set forth in the state contract and where no waiver from such requirements has been granted, the contracting agency may file a written complaint with the director pursuant to section three hundred sixteen of this article setting forth the facts and circumstances giving rise to the contracting agency's complaint together with a demand for relief. The contracting agency shall serve a copy of such complaint upon the contractor by personal service or by certified mail, return receipt requested. The contractor shall be afforded an opportunity to respond to such complaint in writing.

§ 6. Section 314 of the executive law, as added by chapter 216 of the laws of 1988, subdivision 2-a as amended by chapter 175 of the laws of 2010, subdivision 2-b as added by chapter 409 of the laws of 2018, subdivision 4 as amended and subdivision 5 as added by chapter 399 of the laws of 2014, is amended to read as follows:

§ 314. Statewide certification program. 1. The director shall promulgate rules and regulations providing for the establishment of a statewide certification program including rules and regulations governing the approval, denial or revocation of any such certification including revocations for convictions for fraudulently misrepresenting the status of minority or women-owned business enterprises. Such rules shall set forth the maximum personal net worth of a minority group member or woman who may be relied upon to certify a business as a minority-owned business enterprise or women-owned business enterprise, and may establish different maximum levels of personal net worth for minority group members and women on an industry-by-industry basis for such industries as the director shall determine. Such rules and regulations shall include, but not be limited to, such matters as may be required to ensure that the established procedures thereunder shall at least be in compliance with the code of fair procedure set forth in section seventy-three of the civil rights law and consistent with the provisions of article twenty-three of the correction law.

2. For the purposes of this article, the office shall be responsible for verifying businesses as being owned, operated, and controlled by minority group members or women and for certifying such verified businesses. The director shall prepare a directory of certified businesses for use by contracting agencies and contractors in carrying out the
provisions of this article. The director shall periodically update the
directory.

2-a. (a) The director shall establish a procedure enabling the office
to accept New York municipal corporation certification verification for
minority and women-owned business enterprise applicants in lieu of
requiring the applicant to complete the state certification process. The
director shall promulgate rules and regulations to set forth criteria
for the acceptance of municipal corporation certification. All eligible
municipal corporation certifications shall require business enterprises
seeking certification to meet the following standards:

(i) have at least fifty-one percent ownership by a minority or a
women-owned enterprise and be owned by United States citizens or perma-
nent resident aliens;

(ii) be an enterprise in which the minority and/or women-ownership
interest is real, substantial and continuing;

(iii) be an enterprise in which the minority and/or women-ownership
has and exercises the authority to control independently the day-to-day
business decisions of the enterprise;

(iv) be an enterprise authorized to do business in this state;

(v) be subject to a physical site inspection to verify the fifty-one
percent ownership requirement;

(vi) be owned by an individual or individuals, whose ownership,
control and operation are relied upon for certification, with a personal
net worth that does not exceed three million five hundred thousand
dollars or such other amount as the director shall set forth in regu-
lations, as adjusted annually for inflation according to the consumer
price index; and

(vii) be an enterprise that is a small business pursuant to subdivi-
sion twenty of section three hundred ten of this article.

(b) The director shall work with all municipal corporations that have
a municipal minority and women-owned business enterprise program to
develop standards to accept state certification to meet the municipal
corporation minority and women-owned business enterprise certification
standards.

(c) The director shall establish a procedure enabling the division to
accept federal certification verification for minority and women-owned
business enterprise applicants, provided said standards comport with
those required by the state minority and women-owned business program,
in lieu of requiring the applicant to complete the state certification
process. The director shall promulgate rules and regulations to set
forth criteria for the acceptance of federal certification.

2-b. The director shall establish a procedure enabling an applicant
who was a military service member to prove his or her race or ethnicity,
date of birth, place of birth and verification of address for purposes
of certification of the applicant's business as a minority-owned busi-
ness by submission of the DD Form 214 issued to the applicant by the
United States department of defense upon such applicant's retirement,
separation, or discharge from active duty in the armed forces of the
United States, provided the DD Form 214 contains such information, in
lieu of requiring the applicant to otherwise prove his or her race or
ethnicity. The director shall promulgate rules and regulations to set
forth criteria for the acceptance of the DD Form 214 by the office.

2-c. (a) Each business applying for minority or women-owned business
telephone certification pursuant to this section must agree to allow:

(i) the department of taxation and finance to share its tax information
with the division; and (ii) the department of labor to share its tax and employer information with the division.

(b) Such information provided pursuant to paragraph (a) of this subdivision shall be kept confidential by the division in the same manner and under the same condition as such information is kept by the department of taxation and finance or the department of labor.

3. Following application for certification pursuant to this section, the director shall provide the applicant with written notice of the status of the application, including notice of any outstanding deficiencies[, within thirty days]. Within [sixty] thirty days of submission of a final completed application, the director shall provide the applicant with written notice of a determination by the office approving or denying such certification and, in the event of a denial a statement setting forth the reasons for such denial. Upon a determination denying or revoking certification, the business enterprise for which certification has been so denied or revoked shall, upon written request made within thirty days from receipt of notice of such determination, be entitled to a hearing before an independent hearing officer designated for such purpose by the director. In the event that a request for a hearing is not made within such thirty day period, such determination shall be deemed to be final. The independent hearing officer shall conduct a hearing and upon the conclusion of such hearing, issue a written recommendation to the director to affirm, reverse or modify such determination. Such written recommendation shall be issued to the parties. The director, within thirty days, by order, must accept, reject or modify such recommendation of the hearing officer and set forth in writing the reasons therefor. The director shall serve a copy of such order and reasons therefor upon the business enterprise by personal service or by certified mail return receipt requested. The order of the director shall be subject to review pursuant to article seventy-eight of the civil practice law and rules.

4. The director may, after performing an availability analysis and upon a finding that industry-specific factors coupled with personal net worth or small business eligibility requirements pursuant to subdivisions nineteen and twenty of section three hundred ten of this article, respectively, have led to the significant exclusion of businesses owned by minority group members or women in that industry, grant provisional MWBE certification status to applicants from that designated industry, provided, however, that all other eligibility requirements pursuant to subdivision seven or fifteen of section three hundred ten of this article, as applicable, are satisfied. Any industry-based determination made under this section by the director shall be made widely available to the public and posted on the division's website.

5. With the exception of provisional MWBE certification, as provided for in subdivision twenty-three of section three hundred ten of this article, all minority and women-owned business enterprise certifications shall be valid for a period of [three] five years.

§ 7. Section 315 of the executive law, as added by chapter 261 of the laws of 1988, subdivision 3 as amended and subdivisions 4, 5, 6, and 7 as added by chapter 175 of the laws of 2010, is amended to read as follows:

§ 315. Responsibilities of contracting agencies. 1. Each contracting agency shall be responsible for monitoring state contracts under its jurisdiction, and recommending matters to the office respecting non-compliance with the provisions of this article so that the office may take such action as is appropriate to [insure] ensure compliance with the
provisions of this article, the rules and regulations of the director
issued hereunder and the contractual provisions required pursuant to
this article. All contracting agencies shall comply with the rules and
regulations of the office and are directed to cooperate with the office
and to furnish to the office such information and assistance as may be
required in the performance of its functions under this article.
2. [Each contracting agency shall provide to prospective bidders a
current copy of the directory of certified businesses, and a copy of the
regulations required pursuant to sections three hundred twelve and three
hundred thirteen of this article at the time bids or proposals are
solicited.
3.] Each contracting agency shall report to the director with respect
to activities undertaken to promote employment of minority group members
and women and promote and increase participation by certified businesses
with respect to state contracts and subcontracts. Such reports shall be
submitted periodically, but not less frequently than annually, as
required by the director, and shall include such information as is
necessary for the director to determine whether the contracting agency
and any contractor to the contracting agency have complied with the
purposes of this article, including, without limitation, a summary of
all waivers of the requirements of subdivisions six and seven of section
three hundred thirteen of this article allowed by the contracting agency
during the period covered by the report, [including a description of the
basis of the waiver request and the rationale for granting any such
waiver] any instances in which the contracting agency has deemed a
contractor to have committed a violation pursuant to section three
hundred sixteen of this article and such other information as the direc-
tor shall require. Each agency shall also include in such annual report
whether or not it has been required to prepare a remedial plan, and, if
so, the plan and the extent to which the agency has complied with each
element of the plan.
[4.] 3. The division of minority and women's business development
shall issue an annual report which: (a) summarizes the report submitted
by each contracting agency pursuant to subdivision [three] two of this
section; (b) contains such comparative or other information as the
director deems appropriate, including but not limited to goals compared
to actual participation of minority and women-owned business enterprises
in state contracting, to evaluate the effectiveness of the activities
undertaken by each such contracting agency to promote increased partic-
ipation by certified minority or women-owned businesses with respect to
state contracts and subcontracts; (c) contains a summary of all waivers
of the requirements of subdivisions six and seven of section three
hundred thirteen of this article allowed by each contracting agency
during the period covered by the report, [including a description of the
basis of the waiver request and the contracting agency's rationale for
granting any such waiver] and; (d) [describes any efforts to create a
database or other information storage and retrieval system containing
information relevant to contracting with minority and women-owned busi-
ness enterprises; and (e)] contains a summary of (i) all determinations
of violations of this article by a contractor or a contracting agency
made during the period covered by the annual report pursuant to section
three hundred sixteen-a of this article and (ii) the penalties or sanc-
tions, if any, assessed in connection with such determinations and the
rationale for such penalties or sanctions. Copies of the annual report
shall be provided to the commissioner, the governor, the comptroller,

owned and women-owned business enterprises, the number of actual
contracts issued to minority-owned and women-owned business enterprises;
and a summary of all waivers of the requirements of subdivisions six and
seven of section three hundred thirteen of this article allowed by the
reporting agency during the preceding year, including a description of
the basis of the waiver request and the rationale for granting such
waiver. Each agency shall also include in such annual report whether or
not it has been required to prepare a remedial plan, and, if so, the
plan and the extent to which the agency has complied with each element
of the plan.

[6.] 5. Each contracting agency that substantially fails to [meet the
goals supported by the disparity study,] make good faith effort as
defined by regulation of the director, to achieve the maximum feasible
participation of minority and women-owned business enterprises in such
agency's contracting shall be required to submit to the director a reme-
dial action plan to remedy such failure.

[7.] 6. If it is determined by the director that any agency has failed
to act in good faith to implement the remedial action plan, pursuant to
subdivision [six] five of this section within one year, the director
shall provide written notice of such a finding, which shall be publicly
available, and direct implementation of remedial actions to:

(a) assure that sufficient and effective solicitation efforts to women
and minority-owned business enterprises are being made by said agency;
(b) divide contract requirements, when economically feasible, into
quantities that will expand the participation of women and minority-
owned business enterprises;
(c) eliminate extended experience or capitalization requirements, when
programmatically and economically feasible, that will expand partic-
ipation by women and minority-owned business enterprises;
(d) identify specific proposed contracts as particularly attractive or
appropriate for participation by women and minority-owned business
enterprises with such identification to result from and be coupled with
the efforts of paragraphs (a), (b), and (c) of this subdivision; and
(e) upon a finding by the director that an agency has failed to take
affirmative measures to implement the remedial plan and to follow any of
the remedial actions set forth by the director, and in the absence of
any objective progress towards the agency's goals, require some or all
of the agency's procurement, for a specified period of time, be placed
under the direction and control of another agency or agencies.

§ 8. Section 316-a of the executive law, as added by chapter 175 of
the laws of 2010, is amended to read as follows:
§ 316-a. Prohibitions in contracts; violations. Every contracting
agency shall include a provision in its state contracts expressly
providing that any contractor who willfully and intentionally fails to
make a good faith effort to comply with the minority and women-owned
participation requirements of this article as set forth in such state
contract shall be liable to the contracting agency for liquidated or
other appropriate damages and shall provide for other appropriate reme-
dies on account of such breach. A contracting agency that elects to
proceed against a contractor for breach of contract as provided in this section shall be precluded from seeking enforcement pursuant to section three hundred sixteen of this article; provided however, that the contracting agency shall include a summary of all enforcement actions undertaken pursuant to this section in its annual report submitted pursuant to [subdivision three of] section three hundred fifteen of this article.

deviates from the aspirational goal for work or service in the county or
municipality in which the work or service will be performed, the state
agency shall document numerical evidence demonstrating that the applica-
tion of the aspirational goal would not be practical, feasible, or
appropriate.

3. Every contractor responding to an invitation for bids, request for
proposals, or other solicitation that will result in the award of a
state contract subject to workforce participation goals pursuant to this
section shall agree to make a good faith effort to achieve such work-
force participation goal or request a waiver of such goal.
(a) A contractor that certifies that it will make a good faith effort to achieve a workforce participation goal shall provide with its response to the applicable invitation for bids, request for proposals, or other solicitation:

(i) A certification stating that the contractor will make a good faith effort to achieve the applicable workforce participation goal and will contractually require any subcontractors to the contractor to make a good faith effort to achieve the applicable workforce participation goal in any subcontracted work, which certification shall acknowledge that failure by the contractor or any of its subcontractors to make a good faith effort to achieve the applicable workforce participation goal may result in a determination by the contracting state agency that the contractor or its subcontractor is a non-compliant contractor;

(ii) The level of anticipated participation by minority group members and women as employees to the contractor, or, if the state agency has specifically indicated that such documentation is not required as part of the response to the invitation for bids, request for proposals, or other solicitation, a date certain for the submission of such documentation after the award of the state contract;

(iv) Such other information as the contracting state agency shall require.

(b) A contractor that requests a waiver of a workforce participation goal shall provide with its response to the applicable invitation for bids, request for proposals, or other solicitation:

(i) Numerical evidence setting forth why the achievement of the workforce participation goal is not practical, feasible, or appropriate in light of the trades, professions, and occupations required to perform the work of the state contract;

(vi) Any other relevant information evidencing that the contractor's achievement of the workforce participation goal would not be practical, feasible, or appropriate.

4. A state agency shall not award a state contract to a contractor unless the contractor has (i) certified that it will make a good faith effort to achieve the applicable workforce participation goal and provided documentation of the workforce anticipated to perform the work of the state contract or (ii) submitted a waiver request which the state agency deems to reflect the maximum feasible participation of minority
group members and women in each of the trades, professions, and occupations required in performance of the work of the state contract.

(a) In the event that a contractor submits a certification or waiver request that is accepted by the state agency, the state agency shall establish in the state contract the expected level of participation by minority group members and women in each of the trades, professions, and occupations required in performance of the work of the state contract.Require that the contractor make good faith efforts to achieve such workforce participation goals. Require that the contractor require any subcontractors to make a good faith effort to achieve the applicable workforce participation goal in any subcontracted work, and indicate that the failure of the contractor or any of its subcontractors to make a good faith effort to achieve the workforce participation goal may result in the contractor or subcontractor being deemed a non-compliant contractor.

(b) In the event that a contractor fails to submit a certification, waiver request, or any other information required by the state agency, or the state agency determines that a contractor's waiver request does not demonstrate that the applicable workforce participation goal is impractical, unfeasible, or inappropriate, the state agency shall notify the contractor of the deficiency in writing and provide the contractor five business days to remedy the noticed deficiency. A state agency shall reject any bid or proposal of a contractor that fails to timely respond to a notice of deficiency or to provide documentation remedying the deficiency to the satisfaction of the state agency.

(i) Where failure to remedy any notified deficiency in the workforce utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting agency. The contractor shall be entitled to an administrative hearing, on the record, involving all grounds stated by the contracting state agency in its notice of the contractor's disqualification. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within thirty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court, appellate division, third department and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending there-in, except election matters, irrespective of position on the calendar. Appeals taken to the court of appeals of the state of New York shall be subject to the same preference.

§ 823. Reporting. 1. State contracts shall require contractors to submit, and to require any subcontractors to submit, to the contracting state agency reports documenting the hours worked by employees of the contractor and any subcontractors in the performance of the work of the state contract. Such reports shall be submitted no less frequently than monthly for state contracts for construction and quarterly for all other state contracts. Such reports shall identify the race, ethnicity, gender, and trade, profession, or occupation of each employee performing work on a state contract.

2. State agencies shall submit periodic reports to the director, or the designee of the director, concerning the participation of minority
group members and women in state contracts let by such agencies and such
state agencies' compliance with this article. Such reports shall be
submitted at such time, and include such information, as the director
shall require in regulations. State agencies shall make available their
facilities, books, and records for inspection, upon reasonable notice,
by the director or the director's designee.

3. The department shall provide such assistance as the director shall
require in carrying out the requirements of this section.

§ 824. Enforcement. 1. Where it appears that a contractor cannot,
after a good faith effort, meet the workforce participation goals set
forth in a particular state contract, a contractor may file a written
application with the contracting state agency requesting a partial or
total waiver of such requirements. Such request shall set forth the
reasons for such contractor's inability to meet the workforce partic-
ipation goal, specifically describe the reasons for any deviations from
the anticipated workforce participation goal set forth in the contrac-
tor's bid or proposal leading to the award of the state contract, and
describe the efforts by the contractor and any subcontractors to achieve
the maximum feasible participation of minority group members and women
in the performance of the work of the state contract. Where the contrac-
tor's inability to achieve the workforce participation goal on a state
contract is attributable to the failure of one or more subcontractors to
make good faith efforts to achieve the maximum feasible participation of
minority group members and women in the performance of the work of the
state contract, the contractor shall identify such subcontractor or
subcontractors to the contracting state agency.

2. A state agency shall grant a request for a waiver of workforce
participation goals on a state contract where:
(a) The contractor demonstrates that the contractor and its subcon-
tractors made good faith efforts to achieve the workforce participation
goal on the state contract, and that insufficient minority group members
or women were available in the trades, professions, and occupations
required to perform the work of the state contract; or
(b) The contractor contractually required each of its subcontractors
to make a good faith effort to achieve the maximum feasible partic-
ipation of minority group members and women in the performance of the
subcontracted work, periodically monitored such subcontractors' deploy-
ment of minority group members and women in the performance of the
subcontracted work, provided notice to such subcontractors of any defi-
ciencies in their deployment of minority group members and women in the
performance of such subcontracted work, and could not achieve the work-
force participation goal for one or more trades, professions, or occupa-
tions without the good faith efforts of such subcontractors.

3. Where a state agency denies a contractor's request for a waiver of
workforce participation goals pursuant to this section, the state agency
shall recommend to the director and the department that the contractor
be deemed a non-compliant contractor.

4. Where a state agency grants a request for a waiver of workforce
participation goals pursuant to this section based on one or more
subcontractors' failure to make good faith efforts to achieve the maxi-
mum feasible participation of minority group members and women in the
performance of the subcontracted work, the state agency shall recommend
to the director and the department that the subcontractor be deemed a
non-compliant contractor.

5. Upon receipt of a recommendation from a state agency that a
contractor or subcontractor should be deemed a non-compliant contractor,
the director shall, with the assistance of the department, review the facts and circumstances forming the basis of the recommendation and issue a determination as to whether or not the contractor or subcontractor should be deemed a non-compliant contractor and, if so, the duration of such status as a non-compliant contractor. In determining the duration of a contractor's or subcontractor's status as a non-compliant contractor, the director shall consider:

(i) whether the contractor or subcontractor has previously been deemed a non-compliant contractor;
(ii) the number of hours of expected participation by minority group members and women lost as a result of the contractor's or subcontractor's failure to make good faith efforts to include minority group members or women in the performance of one or more state contracts; and
(iii) whether the contractor or subcontractor has offered to provide employment opportunities, training, or other remedial benefits to minority group members or women in relevant trades, professions, or occupations.

6. A contractor or subcontractor deemed a non-compliant contractor by the director may request an administrative hearing before an independent hearing officer to appeal the determination of the director. The decision of the hearing officer shall be final and may only be vacated or modified as provided in article seventy-eight of the civil practice law and rules upon an application made within the time provided by such article.

7. Upon a final determination that a contractor or subcontractor is a non-compliant contractor, the director shall list the contractor or subcontractor as such on its website and indicate the term of such contractor's or subcontractor's status as a non-compliant contractor. A non-compliant contractor shall be ineligible to participate as a contractor or subcontractor on any state contract.

§ 825. Powers and responsibilities of the division. 1. The director shall post to the website of the division on or before October first of each year the aspirational goals for the utilization of minority group members and women in certain trades, professions and/or occupations as required pursuant to section eight hundred twenty-two of this article.

2. The director shall promulgate rules and regulations for the implementation of this article, including, but not limited to, procedures for the submission of certifications and workforce utilization plans by contractors, criteria for granting waivers of workforce participation goals, and the contents of reports by state agencies concerning their implementation of the requirements of this article.

3. The division shall, from time to time, review the facilities, books, and records of state agencies to ascertain the accuracy of their reports and their compliance with the requirements of this article. The department shall provide such assistance as the director shall require in carrying out the requirements of this section.

§ 826. Severability. If any clause, sentence, paragraph, section or part of this article shall be adjudged by any court of competent jurisdiction to be invalid, the judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part of this article directly involved in the controversy in which the judgment shall have been rendered.

§ 16. This act shall take effect immediately, and shall be deemed to have been in full force and effect on and after April 1, 2019; provided, however, that:
(a) the amendments to article 15-A of the executive law, made by sections one, two, three, four, five, six, seven and eight of this act, shall not affect the expiration of such article and shall expire and be deemed expired therewith;
(b) the amendments to section 163 of the state finance law, made by section nine of this act, shall not affect the expiration and repeal of such section, and shall expire and be deemed repealed therewith;
(c) the amendments to section 139-j of the state finance law, made by section eleven of this act, shall not affect the expiration and repeal of such section, and shall expire and be deemed repealed therewith;
(d) subdivision 2-b of section 314 of the executive law shall take effect on the same date and in the same manner as section 1 of chapter 409 of the laws of 2018 takes effect; and
(e) section fifteen of this act shall expire and be deemed repealed December 31, 2024.

PART BB

Section 1. The vehicle and traffic law is amended by adding a new article 44-C to read as follows:

ARTICLE 44-C

CONGESTION TOLLING PROGRAM

Section 1701. Legislative findings and declaration.
1702. Short title.
1703. Definitions.
1704. Establishment of congestion tolling program.
1705. Disposition of revenue and penalties.
1706. Reporting.

§ 1701. Legislative findings and declaration. The ongoing failures of the tracks, signals, switches and other transportation infrastructure throughout the subway system in the city of New York continue to pose an imminent threat and have a vast and deleterious impact on the health, safety, and livelihood of commuters, tourists, resident New Yorkers, as well as business and commerce in the metropolitan commuter transportation district, which is the recognized economic engine of the state of New York, and thereby have adversely affected the economy of the state of New York. Temporary actions have been taken to address the safety of subway riders short term including an emergency declaration and increased capital funding for the subways in the most recently adopted state budget. The legislature, however, determines that a long-term and sustainable solution is necessary in order to ensure stable and reliable funding to repair and revitalize this significantly important mass transit asset.

The legislature further finds and declares that traffic congestion in the city of New York ranks second worst among cities in the United States and third worst among cities in the world, and results in significant cost to the New York metropolitan area economy and in turn the state's economy at estimates exceeding one hundred million dollars over the next five years. Travel speeds in the city of New York's central business district have dropped more than seventeen percent in two thousand sixteen to an average of 6.8 miles per hour and in Midtown Manhattan, the most congested area of the city-the area from fifty-ninth street to thirty-fifth street and from ninth avenue to the east river-the average vehicular speed is 4.7 miles per hour. Congestion in these areas is crippling and impacts the everyday lives of residents, commu-
ters, taxi and for-hire vehicle traffic, bus transit and emergency services.

These issues have been recognized by both the Fix NYC Advisory Panel and the MTA Sustainability Advisory Workgroup as significant impediments to everyday New Yorkers.

In order to ensure a safe and efficient mass transit system within the city of New York and to protect the public health and safety of New York’s residents, a program to establish fees for vehicles entering or remaining in the most congested area of the state is found to be necessary and to be a matter of substantial state concern.

§ 1702. Short title. This act shall be known as and may be cited as "the congestion tolling program".

§ 1703. Definitions. For the purposes of this article, unless the context otherwise requires:

of its projects and any changes thereafter shall not be subject to the
provisions of article eight of the environmental conservation law, the
provisions of chapter six of article forty-three or chapter five of
title sixty-two of the rules of the city of New York, or the provisions
of section one hundred ninety-seven-c of the New York city charter,
relating to a uniform land use review procedure, nor the provisions of
any other local law of the city of New York of like or similar effect
including approvals or charges associated with the use of property owned
and maintained by the city of New York necessary for the installation of
congestion tolling infrastructure.

ity shall have the power, subject to agreements with its bondholders, to
charge tolls and fees for vehicles entering or remaining in the
congestion tolling zone at any time and shall have the power, subject to
agreements with bondholders, to make rules and regulations for the
collection of congestion tolls and the establishment of fees.

PART DD

the "Gateway Development Commission Act".

intent. The Legislature finds and declares that: the State of New Jersey

concern to preserve the functionality and strengthen the resiliency of

utilized by the National Railroad Passenger Corporation, also known as
"Amtrak"; the two states and their respective citizens share the bene-
fits of existing interstate passenger rail infrastructure between the
two states, including the existing North River Tunnel; interstate
passenger rail service and infrastructure is vital to the economies of
New Jersey and New York; because of the passage of time and damage caused by natural disasters, both states recognize the existing inter-state passenger rail infrastructure, including the existing North River Tunnel, is at risk of system failures that could result in prolonged service disruptions that would severely damage the economies of the two states and many other participants in the economy of the Northeast Corridor both states recognize the urgent need to undertake projects necessary to create passenger rail capacity under the Hudson River, rehabilitate passenger rail infrastructure, maintain current levels of long-distance and commuter rail service between the two states and provide additional reliability, safety and security; the citizens of both states will share the benefits of expanded capacity and rehabilitated passenger rail infrastructure between the two states; and there has been a long history of cooperation among state and local governmental entities, Amtrak, and various private organizations and individuals in the two states to ensure the preservation of a variety of passenger rail service options. b. authorized and empowered to impose monetary liability on the owner of a
vehicle for failure of an operator thereof to comply with the applicable
local laws and regulations of the city of New York relating to stopping.

state, territory, district, province, nation or other jurisdiction of
the license plate for each toll that has been incurred.
3. Any toll bill required to be sent pursuant to this section by first
class mail may instead be sent, with consent, by electronic means of
communication by or on behalf of the public authority, which consent can
be revoked at any time by the owner with notice to the public authority
or its agent. Such consent shall be deemed to be revoked when any toll
bill is unable to be delivered by electronic means of communication. It
shall be the sole responsibility of the owner to update the address used
for electronic means of communication to the owner. A manual or automat-
ic record of electronic communications prepared in the ordinary course
of business shall be adequate record of electronic notice.

unpaid and an administrative violation fee is being imposed for each
such unpaid toll. The notice of violation shall be sent to the owner by

state, territory, district, province, nation or other jurisdiction of
the license plate for each unpaid toll that has been incurred.

5. Nothing in this section shall prohibit a public authority from
collecting any toll, fee, or penalty in the event that an owner does not
properly register a vehicle pursuant to the laws, rules and regulations
of this state, or any other state, territory, district, province, nation
or other jurisdiction.

6. Any owner or responsible party who incurs an obligation to pay a

provided to the owner no more than seventy-two hours after the owner or
responsible party is identified. Each public authority shall create an
online registration for text message or electronic mail alerts that a
toll has been incurred under the Tolls by Mail program at a cashless
tolling facility. In the event an owner chooses to receive text message
or electronic mail alerts of a toll incurred, it shall be the owner's
sole responsibility to provide and then update any mobile numbers and
any electronic mail addresses to which alerts are sent. A manual or
automatic record of electronic communications prepared in the ordinary
course of business shall be adequate record of electronic notice.

7. Any public authority that operates a cashless tolling facility
shall maintain a website and toll-free phone number for any person to
receive updated information on any tolls or fees which are outstanding.
Such website and phone number shall be included on any toll bill or
notice of violation sent by or on behalf of a public authority.

8. Any public authority which operates a cashless tolling facility
shall establish procedures for owners to dispute any tolls and violation
fees incurred in connection with toll bills. Such procedures shall be
prominently displayed on such public authority's toll bills, notices of
violation and website.

9. Any public authority which operates a cashless tolling facility
shall conspicuously and prominently display the amount of tolls for
passenger vehicles and violation fees at that facility on signage of a
reasonable size in a manner reasonably calculated to provide ample and
adequate notice.

10. Nothing in this section shall require a public authority to
perform any action or forebear from performing an action that would in
the public authority's sole discretion impair any covenant with the
holders of any of the public authority's bonds, notes or other obli-
gations.

11. This section shall not apply to the payment of the tolls by means
of an electronic toll device that transmits information through an elec-
tronic toll collection system as defined in subdivision twelve of
section twenty-nine hundred eighty-five of this title.

12. Every public authority which operates a cashless tolling facility
shall undertake a public awareness campaign regarding the use of and
process involved with the payment of tolls under the Tolls by Mail
program at cashless tolling facilities. Each public authority shall
provide for sufficient methods to obtain an electronic device for the
charging of tolls through an electronic toll collection system as
defined in subdivision twelve of section twenty-nine hundred eighty-five
of this title, including, in the New York state thruway authority's

proceedings theretofore taken for the revocation of the registration of
such registered limited liability partnership under this subdivision and
(1) the registered limited liability partnership shall thereupon have
such powers, rights, duties and obligations as it had on the date of the
publication of the proclamation, with the same force and effect as if
such proclamation had not been made or published and (2) such publica-

(b) of section twenty-six of this chapter to any debt, obligation or

Upon the publication of such proclamation in the manner aforesaid, the status of each New York registered foreign limited liability partnership named in such proclamation shall be deemed revoked without further legal proceedings.
