wages, or employment benefits) or result in the impairment of existing
collective bargaining agreements; and (2) transfer of existing duties

the possibility of cost savings advantages, and any local history of
labor unrest, are best met by requiring a project labor agreement. The
authorized entity shall contract for an independent study to determine
the feasibility of a project labor agreement. If a project agreement is

In addition, where the New York city school construction authority acts as the authorized entity, businesses certified as minority- or women-owned business enterprises pursuant to section 1743 of the public authorities law shall be eligible to qualify for such factor. § 11-c. Section 4 of part QQQ of chapter 59 of the laws of 2018, constituting the New York city BQE Design-Build act, is amended to read as follows:
§ 4. Notwithstanding any general, special or local law, rule or regulation to the contrary, including but not limited to article 5-A of the general municipal law and sections 1734 and 1735 of the public authorities law and article 8 of the public housing law, section 7210 of the education law, and section 8 of the New York city health and hospitals corporation act, and in conformity with the requirements of this act, for any public work that has an estimated cost of not less than ten million dollars and is undertaken pursuant to a project labor agreement in accordance with section 222 of the labor law, an authorized entity charged with awarding a contract for public work may use the alternative delivery method referred to as design-build contracts.

(a) A contractor selected by such authorized entity to enter into a design-build contract shall be selected through a two-step method, as follows:

(1) Step one. Generation of a list of responding entities that have demonstrated the general capability to perform the design-build contract. Such list shall consist of a specified number of responding entities, as determined by an authorized entity, and shall be generated based upon the authorized entity's review of responses to a publicly advertised request for qualifications. The authorized entity's request for qualifications shall include a general description of the public work, the maximum number of responding entities to be included on the list, the selection criteria to be used and the relative weight of each criterion in generating the list. Such selection criteria shall include the qualifications and experience of the design and construction team, organization, demonstrated responsibility, ability of the team or of a member or members of the team to comply with applicable requirements, including the provisions of articles 145, 147, and 148 of the education law, past record of compliance with the labor law, and such other qualifications the authorized entity deems appropriate, which may include but are not limited to project understanding, financial capability and record of past performance. The authorized entity shall evaluate and rate all responding entities to the request for qualifications. Based upon such ratings, the authorized entity shall list the responding entities that shall receive a request for proposals in accordance with paragraph two of this subdivision. To the extent consistent with applicable federal law, the authorized entity shall consider, when awarding any contract pursuant to this section, the participation of: (i) responding entities that are certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law, or certified pursuant to local law as minority- or women-owned business enterprises; and (ii) small business concerns identified pursuant to subdivision (b) of section 139-g of the state finance law.

(2) Step two. Selection of the proposal which is the best value to the authorized entity. The authorized entity shall issue a request for proposals to the responding entities listed pursuant to paragraph one of this subdivision. If such a responding entity consists of a team of separate entities, the entities that comprise such a team must remain unchanged from the responding entity as listed pursuant to paragraph one of this subdivision unless otherwise approved by the authorized entity. The request for proposals shall set forth the public work's scope of work, and other requirements, as determined by the authorized entity, which may include separate goals for work under the contract to be performed by businesses certified as minority- or women-owned business enterprises pursuant to article 15-A of the executive law or section 1743 of the public authorities law, or certified pursuant to local law.
as minority- or women-owned business enterprises. The request for proposals shall also specify the criteria to be used to evaluate the responses and the relative weight of each of such criteria. Such criteria shall include the proposal's cost, the quality of the proposal's solution, the qualifications and experience of the proposer, and other factors deemed pertinent by the authorized entity, which may include, but shall not be limited to, the proposal's manner and schedule of project implementation, the proposer's ability to complete the work in a timely and satisfactory manner, maintenance costs of the completed public work, maintenance of traffic approach, and community impact. Any contract awarded pursuant to this act shall be awarded to a responsive and responsible proposer, which, in consideration of these and other specified criteria deemed pertinent, offers the best value, as determined by the authorized entity. The request for proposals shall include a statement that proposers shall designate in writing those portions of the proposal that contain trade secrets or other proprietary information that are to remain confidential; that the material designated as confidential shall be readily separable from the proposal. Nothing in this subdivision shall be construed to prohibit the authorized entity from negotiating final contract terms and conditions including cost. All proposals submitted shall be scored according to the criteria listed in the request for proposals and such final scores shall be published on the authorized entity's website.

(b) An authorized entity awarding a design-build contract to a contractor offering the best value may but shall not be required to use the following types of contracts:

(1) A cost-plus not to exceed guaranteed maximum price form of contract in which the authorized entity shall be entitled to monitor and audit all costs. In establishing the schedule and process for determining a guaranteed maximum price, the contract between the authorized entity and the contractor shall:

(i) Describe the scope of the work and the cost of performing such work,

(ii) Include a detailed line item cost breakdown,

(iii) Include a list of all drawings, specifications and other information on which the guaranteed maximum price is based,

(iv) Include the dates of substantial and final completion on which the guaranteed maximum price is based, and

(v) Include a schedule of unit prices; or

(2) A lump sum contract in which the contractor agrees to accept a set dollar amount for a contract which comprises a single bid without providing a cost breakdown for all costs such as for equipment, labor, materials, as well as such contractor's profit for completing all items of work comprising the public work.

§ 11-d. Section 7 of part QQQ of chapter 59 of the laws of 2018, constituting the New York city BQE Design-Build act, is amended to read as follows:

If the provisions of this section with respect to such account have not been fully complied with, each store shall pay to such commissioner at such time, in lieu of the amount described in the preceding sentence, an amount equal to the balance which would have been outstanding on such date had such provisions been fully complied with. The commissioner of taxation and finance may require that the payments be made electronically.

b. A store who ceases to do business in this state as a store shall file a final report and remit payment of eighty percent of all amounts remaining in the carryout bag account as of the close of the store's last day of business. The commissioner of taxation and finance may require that the payments be made electronically. The store shall indicate on the report that it is a "final report". The comptroller must, by the tenth day of each month, pay into the state treasury to the credit of the environmental protection fund established pursuant to section ninety-two-s of the state finance law the revenue deposited under this subdivision during the preceding calendar month and remaining to the comptroller's credit on the last day of that preceding month.

§ 3. This act shall take effect immediately.
PART K

Section 1. Legislative intent. The legislature hereby finds that consumers in the state do not have ready access to information about the products they may use and the product ingredients they may be exposed to every day. While the state has taken steps to ban certain product ingredients known to be harmful to human health and the environment, more must be done to give consumers real time access to product ingredient information so consumers can make informed decisions about which products to buy and use. Specifically, consumers should have the right to know if a product contains a carcinogen, mutagen or endocrine disruptors and other chemicals of concern, the state, as trustee of its natural resources should have the means to identify substances which may be discharged to the environment.

§ 2. Subdivision 1 of section 35-0103 of the environmental conservation law is amended to read as follows:
1. "[Household cleansing] Cleansing product" means any product, including but not limited to soaps and detergents, containing a surfactant as a wetting or dirt emulsifying agent and used primarily for domestic [or], commercial, or industrial cleaning purposes, including but not limited to, the cleansing of fabrics, dishes, food utensils and household and commercial premises. [Household cleansing] Cleansing product shall not mean foods, drugs, cosmetics, insecticides, fungicides and rodenticides or cleansing products used primarily in industrial manufacturing, production and assembling processes as provided by the commissioner by rule and regulation.

§ 3. Section 35-0107 of the environmental conservation law is amended to read as follows:
1. The commissioner is hereby authorized to promulgate regulations requiring manufacturers of [household] cleansing products distributed, sold or offered for sale in this state, to furnish to the commissioner for the public record as herein provided information regarding such products in a form prescribed by the commissioner including the nature and extent of investigations and research performed by the manufacturer concerning the effects of such products on human health and the environment. These reports shall be available to the public at the department of environmental conservation, except those portions the manufacturer determines, subject to the approval of the commissioner, would be, if disclosed, seriously prejudicial to the manufacturer's legitimate interest in trade secrets and economics of operation.
2. [No later than February 1, 1973 the commissioner shall prepare and submit a comprehensive report to the governor and legislature on the status of progress made in research and development to provide a safe and effective substitute for phosphates in household cleansing products.
3.] Whenever the commissioner finds, after investigation, that any ingredient of [household] cleansing products distributed, sold, offered or exposed for sale in this state, other than an ingredient for which limitations are set forth in subdivision 2 of section 35-0105, will or is likely to materially affect adversely human health or the environment, he may, after public hearing, restrict or limit by regulation the use of such ingredient in such products.

§ 4. Article 37 of the environmental conservation law is amended by adding a new title 9 to read as follows:

§ 5. The public health law is amended by adding a new article 48-A to read as follows:

ARTICLE 48-A
REGULATION OF PERSONAL CARE PRODUCTS
Section 4850. Declaration of legislative intent and findings.
4851. Definitions.
4852. Disclosure.
§ 4850. Declaration of legislative intent and findings. There are tens of thousands of chemicals used commercially in the United States, and each year approximately one thousand chemicals are added for commercial use. The majority of chemicals in commercial use in the United States, including those used as ingredients in personal care products, have never been fully tested for potential impacts on human health or the environment.

Some chemicals used in personal care products have been identified through scientific studies as being potential carcinogens, reproductive or developmental toxicants, or endocrine disruptors. Some have also been found through biomonitoring studies to be present in human blood, breast milk, or urine. These findings have led national and international agencies to develop lists of chemicals of concern based on the chemicals' potential to impact human health, and their presence in products that consumers use everyday.

Federal law requires personal care product labels to list ingredients. However, information concerning the potential health effects of exposure to these chemical ingredients is not widely available, chemicals used as fragrances or flavoring are exempt from labelling requirements, and personal care products sold for commercial use are not required to carry any ingredient labelling. At present, the only way to identify a product as containing a chemical of concern is to compare labeled product ingredients with chemical lists developed by many different agencies.

Furthermore, independent testing and laboratory analyses by other states have identified products that contain substances that could potentially cause harmful health effects but that are not identified as an ingredient on the product's label. Nevertheless, under the federal Food, Drug and Cosmetic Act (21 U.S.C. Sec. 301 et seq.), many personal care products and their ingredients are not subject to premarket safety testing, review, or approval before they are sold to the public.

Therefore, the legislature hereby finds and declares that the disclosures required under federal law of ingredients contained in personal care products fail to adequately educate and protect consumers. In order to empower consumers with the information needed to make well-informed decisions regarding products that their families are exposed to daily, it shall be the policy of the state to require the personal care product industry to more fully disclose the ingredients they use and, where applicable, identify ingredients that have been published as a chemical of concern on one or more lists identified by the commissioner. This will benefit consumers, encourage manufacturers to remove potentially harmful chemicals from their products, and encourage development of innovative methods including green chemistry to replace these ingredients with more environmentally-preferable alternatives.

§ 4851. Definitions. As used in this article, unless the context requires otherwise:

1. "Ingredient" shall mean all of the following:
   (a) An intentionally added ingredient present in any quantity in the personal care product;
   (b) A nonfunctional byproduct or nonfunctional contaminant, present in a personal care product in any quantity exceeding one-half of one percent (0.5%) of the content of the product by weight or other amount determined by the commissioner;
   (c) A nonfunctional byproduct present in a personal care product in any quantity not exceeding one-half of one percent (0.5%) of the content.
of the product by weight, provided such element or compound has been published as a chemical of concern on one or more lists identified by the commissioner:

(d) A nonfunctional contaminant present in a personal care product in a quantity determined by the commissioner and not exceeding one-half of one percent (0.5%) of the content of the product by weight, provided such element or compound has been published as a chemical of concern on one or more lists identified by the commissioner.

2. "Intentionally added ingredient" shall mean any element or compound that a manufacturer has intentionally added to a personal care product, and which has a functional or technical effect in the finished product, including, but not limited to, the components of intentionally added fragrance, flavoring and colorants, and the intentional breakdown products of an added element or compound that also have a functional or technical effect on the finished product.

3. "Nonfunctional byproduct" shall mean any element or compound which has no functional or technical effect in the finished product which (a) was intentionally added during the manufacturing process for a personal care product at any point in a product's, a raw material's or ingredient's supply chain or (b) was created for formed during the manufacturing process as an intentional or unintentional consequence of the manufacturing process at any point in a product's, a raw material's, or an ingredient's supply chain. This shall include, but is not limited to, an unreacted raw material, a breakdown product of an intentionally added ingredient, or a byproduct of the manufacturing process.

4. "Nonfunctional contaminant" shall mean any element or compound present in a personal care product as an unintentional consequence of manufacturing which has no functional or technical effect in the finished product. Nonfunctional contaminants include, but are not limited to, elements or compounds present in the environment as contaminants which were introduced into a product, a raw material, or a product ingredient as a result of the use of an environmental medium, such as a naturally occurring mineral, air, soil or water, in the manufacturing process at any point in a product's, a raw material's, or an ingredient's supply chain.

5. "Manufacturer" shall mean any person, firm, association, partnership, limited liability company, or corporation which produces, prepares, formulates, or compounds a personal care product, or whose brand name is affixed to such product. In the case of a personal care product imported into the United States, "manufacturer" shall mean the importer or first domestic distributor of the product if the entity that manufactures the product whose brand name is affixed to the product does not have a presence in the United States.

6. "Personal care product" shall mean articles intended to be rubbed, poured, sprinkled, or sprayed on, introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and articles intended for use as a component of any such articles; except that such term shall not include soap.

7. "Soap" shall mean articles comprised entirely of an alkali salt of fatty acids where the detergent properties of the article are due to the alkali-fatty acid compounds, and the article shall be labeled, sold, and represented only as a soap.

§ 4852. Disclosure. 1. Manufacturers of personal care products distributed, sold or offered for sale in this state, whether at retail or wholesale, for personal or commercial use, or distributed for promo-
tional purposes, shall furnish to the commissioner for public record and
post on the manufacturer's website, in a manner prescribed by the
commissioner that is readily accessible to the public and machine rea-
dable, such information regarding such products pursuant to rules and
regulations promulgated by the commissioner. For each personal care
product, such information shall include, but shall not be limited to:
(a) A list naming each ingredient, as defined in subdivision one of
section forty-eight hundred fifty-one of this article, of the product in
descending order of predominance by weight in the product, except that
ingredients present at a weight below one percent (1%) may be listed
following other ingredients without respect to the order of predominance
by weight;
(b) The nature and extent of investigations and research performed by
or for the manufacturer concerning the effects on human health and the
environment of such product or such ingredients; and
(c) Where applicable, a statement disclosing that an ingredient is
published as a chemical of concern on one or more lists identified by
the commissioner. Such chemicals of concern identified by the commis-
sioner and subject to the disclosure requirements of this section shall
include, at a minimum, those substances identified in section 37-0909 of
the environmental conservation law.
2. Such manufacturers shall furnish information on or before July
first, two thousand twenty and every two years thereafter. In addition,
such manufacturers shall furnish such information prior to the sale of
any new personal care product, when the formulation of a currently
disclosed product is changed such that the predominance of the ingred-
ients in such product is changed, when any list of chemicals of concern
identified by the commissioner pursuant to this article is changed to
include an ingredient present in a personal care product subject to this
article, or at such other times as may be required by the commissioner.
3. Such information shall be made available to the public by the
commissioner and manufacturer, in accordance with this section, with the
exception of those portions which the manufacturer determines, subject
to the approval of the commissioner, is related to a proprietary process
the disclosure of which would compromise the manufacturer's competitive
position. The commissioner shall not approve any exceptions under this
subdivision with respect to any ingredient published as a chemical of
concern on one or more lists identified by the commissioner.
§ 4853. Penalties. A manufacturer in violation of this article is
subject to a civil penalty not to exceed five thousand dollars for each
violation in the case of a first offense. Manufacturers who are repeat
violators are subject to a civil penalty not to exceed ten thousand
dollars for each repeat offense.
§ 4854. Severability. The provisions of this article shall be severa-
ble and if any phrase, clause, sentence or provision of this article, or
the applicability thereof to any person or circumstance shall be held
invalid, the remainder of this article and the application thereof shall
not be affected thereby.
§ 6. This act shall take effect on the sixtieth day after it shall
have become a law, provided, however, that any rule or regulation
promulgated pursuant to this act shall not take effect prior to April 1,
2021; provided, however, that section five of this act shall take effect
on January 1, 2020, provided that, effective immediately, the commis-
sioner of health shall be authorized to promulgate any and all rules and
regulations necessary to implement the provisions of section five on its
effective date.

regulation promulgated by the superintendent under and within the
authority of this article, or any other applicable law;

of the original application for such license, would have warranted the
superintendent refusing originally to issue such license;

by the superintendent;
(d) a servicer engages in fraud, intentional misrepresentation, or
gross negligence in servicing a student loan;
(e) the competence, experience, character, or general fitness of the

servicing a student loan for the servicer indicates that it is not in
the public interest to permit the servicer to continue servicing student
loans;
(f) the servicer engages in an unsafe or unsound practice;
(g) the servicer is insolvent, suspends payment of its obligations, or
makes a general assignment for the benefit of its creditors; or
(h) a servicer has violated the laws of this state, any other state or
any federal law involving fraudulent or dishonest dealing, or a final
judgement has been entered against a student loan servicer in a civil
action upon grounds of fraud, misrepresentation or deceit.

2. The superintendent may, on good cause shown, or where there is a
substantial risk of public harm, suspend any license for a period not
exceeding thirty days, pending investigation. "Good cause", as used in
this subdivision, shall exist when a student loan servicer has defaulted
or is likely to default in performing its financial engagements or
engages in dishonest or inequitable practices which may cause substan-
tial harm to the persons afforded the protection of this article.

3. Except as provided in subdivision two of this section, no license
shall be revoked or suspended except after notice and hearing thereon.
Any order of suspension issued after notice and a hearing may include as
a condition of reinstatement that the student loan servicer make resti-
tution to consumers of fees or other charges which have been improperly
charged or collected, including but not limited to by allocating
payments contrary to a borrower's direction or in a manner that fails to
help a borrower avoid default, as determined by the superintendent. Any
hearing held pursuant to the provisions of this section shall be
noticed, conducted and administered in compliance with the state admin-
istrative procedure act.

4. Any student loan servicer may surrender any license by delivering
notice to the superintendent that it thereby surrenders such
license, but such surrender shall not affect such servicer's civil or
criminal liability for acts committed prior to such surrender. If such
surrender is made after the issuance by the superintendent of a state-
ment of charges and notice of hearing, the superintendent may proceed
against the servicer as if such surrender had not taken place.

5. No revocation, suspension, or surrender of any license shall impair
or affect the obligation of any pre-existing lawful contract between the
student loan servicer and any person, including the department of finan-
cial services.

6. Every license issued pursuant to this article shall remain in force
and effect until the same shall have been surrendered, revoked or
suspended in accordance with any other provisions of this article.
7. Whenever the superintendent shall revoke or suspend a license issued pursuant to this article, he or she shall forthwith execute in duplicate a written order to that effect. The superintendent shall file one copy of such order in the office of the department and shall forthwith serve the other copy upon the student loan servicer. Any such order may be reviewed in the manner provided by article seventy-eight of the civil practice law and rules.

§ 717. Books and records; reports and electronic filing. 1. Each student loan servicer shall keep and use in its business such books, accounts and records as will enable the superintendent to determine whether such servicer or exempt organization is complying with the provisions of this article and with the rules and regulations lawfully made by the superintendent. Every servicer shall preserve such books, accounts, and records, for at least three years.

2. (a) Each student loan servicer, other than an exempt organization, shall annually, on or before a date to be determined by the superintendent, file a report with the superintendent giving such information as the superintendent may require concerning the business and operations during the preceding calendar year of such servicer under authority of this article. Such report shall be subscribed and affirmed as true by the servicer under the penalties of perjury and shall be in the form prescribed by the superintendent.

(b) In addition to annual reports, the superintendent may require such additional regular or special reports as he or she may deem necessary to the proper supervision of student loan servicers under this article. Such additional reports shall be subscribed and affirmed as true by the servicer under the penalties of perjury and shall be in the form prescribed by the superintendent.

3. Notwithstanding article three of the state technology law or any other law to the contrary, the superintendent may require that any submission or approval as may be required by the superintendent be made or executed by electronic means if he or she deems it necessary to ensure the efficient administration of this article.

§ 718. Rules and Regulations. 1. In addition to such powers as may otherwise be prescribed by law, the superintendent is hereby authorized and empowered to promulgate such rules and regulations as may in the judgement of the superintendent be consistent with the purposes of this article, or appropriate for the effective administration of this article, including, but not limited to:

2. Engage in any unfair, deceptive or predatory act or practice toward any person or misrepresent or omit any material information in connection with the servicing of a student loan, including, but not limited to, misrepresenting the amount, nature or terms of any fee or payment due or claimed to be due on a student loan, the terms and conditions of the loan agreement or the borrower's obligations under the loan;

If necessary, a student loan servicer may request additional time up to a maximum of forty-five calendar days, provided that such request is accompanied by an explanation why such additional time is reasonable and necessary.

§ 720. Servicing student loans without a license. 1. Whenever, in the opinion of the superintendent, a person is engaged in the business of servicing student loans either actually or through subterfuge, without a license from the superintendent, the superintendent may order that person to desist and refrain from engaging in the business of servicing student loans in the state. If, within thirty days after an order is served, a request for a hearing is filed in writing and the hearing is not held within sixty days of the filing, the order shall be rescinded.

2. This section does not apply to exempt organizations.

§ 721. Responsibilities. 1. If a student loan servicer regularly reports information to a consumer reporting agency, the servicer shall accurately report a borrower's payment performance to at least one consumer reporting agency that compiles and maintains files on consumers on a nationwide basis as defined in Section 603(p) of the Federal Fair Credit Reporting Act (15 U.S.C. Sec. 1681a(p)), upon acceptance as a data furnish by that consumer reporting agency.

2. (a) Except as provided in federal law or required by a student loan agreement, a student loan servicer shall inquire of a borrower how to apply a borrower's nonconforming payment. A borrower's direction on how to apply a nonconforming payment shall remain in effect for any future nonconforming payment during the term of a student loan until the borrower provides different directions.

   (b) For purposes of this subdivision, "nonconforming payment" shall mean a payment that is either more or less than the borrower's required student loan payment.

3. (a) If the sale, assignment, or other transfer of the servicing of a student loan results in a change in the identity of the person to whom the borrower is required to send subsequent payments or direct any
communications concerning the student loan, a student loan servicer shall transfer all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, to the new student loan servicer servicing the borrower's student loan within forty-five days.

(b) A student loan servicer shall adopt policies and procedures to verify that it has received all information regarding a borrower, a borrower's account, and a borrower's student loan, including but not limited to the borrower's repayment status and any borrower benefits associated with the borrower's student loan, when the servicer obtains the right to service a student loan.

4. If a student loan servicer sells, assigns, or otherwise transfers the servicing of a student loan to a new servicer, the sale, assignment or other transfer shall be completed at least seven days before the borrower's next payment is due.

5. (a) A student loan servicer that sells, assigns, or otherwise transfers the servicing of a student loan shall require as a condition of such sale, assignment or other transfer that the new student loan servicer shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were represented as being available but for which the borrower had not yet qualified.

(b) A student loan servicer that obtains the right to service a student loan shall honor all borrower benefits originally represented as being available to a borrower during the repayment of the student loan and the possibility of such benefits, including any benefits that were represented as being available but for which the borrower had not yet qualified.

6. A student loan servicer shall respond within thirty days after receipt to a written inquiry from a borrower or a borrower's authorized representative.

7. A student loan servicer shall preserve records of each student loan and all communications with borrowers for not less than two years following the final payment on such student loan or the sale, assignment or other transfer of the servicing of such student loan, whichever occurs first, or such longer period as may be required by any other provision of law.

§ 722. Examinations. 1. The superintendent may at any time, and as often as he or she may determine, either personally or by a person duly designated by the superintendent, investigate the business and examine the books, accounts, records, and files used therein of every student loan servicer. For that purpose the superintendent and his or her duly designated representative shall have free access to the offices and places of business, books, accounts, papers, records, files, safes and vaults of all such servicers. The superintendent and any person duly designated by him or her shall have authority to require the attendance of and to examine under oath all persons whose testimony he or she may require relative to such business.

2. No person subject to investigation or examination under this section may knowingly withhold, abstract, remove, mutilate, destroy or secrete any books, records, computer records or other information.

3. The expenses incurred in making any examination pursuant to this section shall be assessed against and paid by the student loan servicer so examined, except that travelling and subsistence expenses so incurred
shall be charged against and paid by servicers in such proportions as the superintendent shall deem just and reasonable, and such proportionate charges shall be added to the assessment of the other expenses incurred upon each examination. Upon written notice by the superintendent of the total amount of such assessment, the servicer shall become liable for and shall pay such assessment to the superintendent.

4. In any hearing in which a department employee acting under authority of this chapter is available for cross-examination, any official written report, worksheet, other related papers, or duly certified copy thereof, compiled, prepared, drafted, or otherwise made by said department employee, after being duly authenticated by said employee, may be admitted as competent evidence upon the oath of said employee that said worksheet, investigative report, or other related documents were prepared as a result of an examination of the books and records of a servicer or other person, conducted pursuant to the authority of this chapter.

5. Unless it is an exempt organization, affiliates of a student loan servicer are subject to examination by the superintendent on the same terms as the servicer, but only when reports from, or examination of, a servicer provides evidence of unlawful activity between a servicer and affiliate benefiting, affecting, or arising from the activities regulated by this article.

§ 723. Penalties for violation of this article. 1. In addition to such penalties as may otherwise be applicable by law, including but not limited to the penalties available under section forty-four of this chapter, the superintendent may, after notice and hearing, require any person found violating the provisions of this article or the rules or regulations promulgated hereunder to pay to the people of this state a penalty for each violation of the article or any regulation or policy promulgated hereunder a sum not to exceed the greater of (i) ten thousand dollars for each offense; (ii) a multiple of two times the aggregate damages attributable to the violation; or (iii) a multiple of two times the aggregate economic gain attributable to the violation.

2. Nothing in this article shall limit any statutory or common-law right of any person to bring any action in any court for any act, or the right of the state to punish any person for any violation of any law.

§ 724. Severability of provisions. If any provision of this article, or the application of such provision to any person or circumstance, shall be held invalid, illegal or unenforceable, the remainder of the article, and the application of such provision to persons or circumstances other than those as to which it is held invalid, illegal or unenforceable, shall not be affected thereby.

           minority and women-owned business enterprises to respond competitively  
           to the potential subcontract opportunities;
       (iii) the findings of the two thousand sixteen disparity study;
   (c) require that each agency provide a current list of certified  
       minority business enterprises to each prospective contractor;
   (d) allow a contractor that is a certified minority-owned or women-  
       owned business enterprise to use the work it performs to meet require-  
       ments for use of certified minority-owned or women-owned business enter-  
       prises as subcontractors;
   (e) establish criteria for agencies to credit the participation of  
       minority and women-owned business enterprises towards the achievement of  
       the minority and women-owned business enterprise participation goals on  
       a state contract based on the commercially useful function provided by  
       each minority and women-owned business enterprise on the contract;
   (f) provide for joint ventures, which a bidder may count toward meet-  
       ing its minority and women-owned business enterprise participation;
   [(f)] (g) consistent with subdivision six of this section, provide for  
       circumstances under which an agency may waive obligations of the  
       contractor relating to minority and women-owned business enterprise  
       participation;
   [(g)] (h) require that an agency verify that minority and women-owned  
       business enterprises listed in a successful bid are actually participat-  
       ing to the extent listed in the project for which the bid was submitted;
   [(h)] (i) provide for the collection of statistical data by each agen-  
       cy concerning actual minority and women-owned business enterprise  
       participation; and
   [(i)] (j) require each agency to consult the most current disparity  
       study when calculating agency-wide and contract specific participation  
       goals pursuant to this article.

3. Solely for the purpose of providing the opportunity for meaningful  
participation by certified businesses in the performance of state
contracts as provided in this section, state contracts shall include
leases of real property by a state agency to a lessee where: the terms
of such leases provide for the construction, demolition, replacement,
major repair or renovation of real property and improvements thereon by
such lessee; and the cost of such construction, demolition, replacement,
major repair or renovation of real property and improvements thereon
shall exceed the sum of one hundred thousand dollars. Reports to the
director pursuant to section three hundred fifteen of this article shall
include activities with respect to all such state contracts. Contracting
agencies shall include or require to be included with respect to state
contracts for the acquisition, construction, demolition, replacement,
major repair or renovation of real property and improvements thereon,
such provisions as may be necessary to effectuate the provisions of this
section in every bid specification and state contract, including, but
not limited to: (a) provisions requiring contractors to make a good
faith effort to solicit active participation by enterprises identified
in the directory of certified businesses [provided to the contracting
agency by the office]; (b) requiring the parties to agree as a condition
of entering into such contract, to be bound by the provisions of section
three hundred sixteen of this article; and (c) requiring the contractor
to include the provisions set forth in paragraphs (a) and (b) of this
subdivision in every subcontract in a manner that the provisions will be
binding upon each subcontractor as to work in connection with such
contract. Provided, however, that no such provisions shall be binding
upon contractors or subcontractors in the performance of work or the
provision of services that are unrelated, separate or distinct from the
state contract as expressed by its terms, and nothing in this section
shall authorize the director or any contracting agency to impose any
requirement on a contractor or subcontractor except with respect to a
state contract.

4. In the implementation of this section, the contracting agency shall
(a) consult the findings contained within the disparity study evidencing
relevant industry specific availability of certified businesses;
(b) implement a program that will enable the agency to evaluate each
contract to determine the [appropriateness of the] appropriate goal
pursuant to subdivision one of this section for participation by minori-
ty-owned business enterprises and women-owned business enterprises;
(c) consider where practicable, the severability of construction
projects and other bundled contracts; and
(d) consider compliance with the requirements of any federal law
concerning opportunities for minority and women-owned business enter-
prises which effectuates the purpose of this section. The contracting
agency shall determine whether the imposition of the requirements of any
such law duplicate or conflict with the provisions hereof and if such
duplication or conflict exists, the contracting agency shall waive the
applicability of this section to the extent of such duplication or
conflict.

5. (a) Contracting agencies shall administer the rules and regulations
promulgated by the director in a good faith effort to meet the maximum
feasible portion of the agency's goals adopted pursuant to this article
and the regulations of the director. Such rules and regulations: shall
require a contractor to submit a utilization plan after bids are opened,
when bids are required, but prior to the award of a state contract;
shall require the contracting agency to review the utilization plan
submitted by the contractor and to post the utilization plan and any
waivers of compliance issued pursuant to subdivision six of this section
(a) Notwithstanding any other provision of this article, the rules and regulations promulgated pursuant to this subdivision shall provide that where enterprises have been identified within a utilization plan, a contractor shall attempt, in good faith, to utilize such enterprise at least to the extent indicated. A contracting agency may require a contractor to indicate, within a utilization plan, what measures and procedures he or she intends to take to comply with the provisions of this article, but may not require, as a condition of award of, or compliance with, a contract that a contractor utilize a particular enterprise in performance of the contract.

(b) The rules and regulations promulgated pursuant to this subdivision regarding a utilization plan shall provide that where enterprises have been identified within a utilization plan, a contractor shall attempt, in good faith, to utilize such enterprise at least to the extent indicated. A contracting agency may require a contractor to indicate, within a utilization plan, what measures and procedures he or she intends to take to comply with the provisions of this article, but may not require, as a condition of award of, or compliance with, a contract that a contractor utilize a particular enterprise in performance of the contract.

(c) Without limiting other grounds for the disqualification of bids or proposals on the basis of non-responsibility, a contracting agency may disqualify the bid or proposal of a contractor as being non-responsible for failure to remedy notified deficiencies contained in the contractor's utilization plan within a period of time specified in regulations promulgated by the director after receiving notification of such deficiencies from the contracting agency. Where failure to remedy any notified deficiency in the utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting agency. Where the contracting agency states that a failure to remedy any notified deficiency in the utilization plan is a ground for disqualification the contractor shall be entitled to an administrative hearing, on a record, involving all grounds stated by the contracting agency. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within thirty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court, appellate division, third department and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending therein, except election matters, irrespective of position on the calendar. Appeals taken to the court of
appeals of the state of New York shall be subject to the same preference.

6. (a) Where it appears that a contractor cannot, after a good faith effort, comply with the minority and women-owned business enterprise participation requirements set forth in a particular state contract, a contractor may file a written application with the contracting agency requesting a partial or total waiver of such requirements setting forth the reasons for such contractor's inability to meet any or all of the participation requirements together with an explanation of the efforts undertaken by the contractor to obtain the required minority and women-owned business enterprise participation. In implementing the provisions of this section, the contracting agency shall consider the number and types of minority and women-owned business enterprises located in the region in which the state contract is to be performed, the total dollar value of the state contract, the scope of work to be performed and the project size and term. If, based on such considerations, the contracting agency determines there is not a reasonable availability of contractors on the list of certified business to furnish services for the project, it shall issue a waiver of compliance to the contractor. In making such determination, the contracting agency shall first consider the availability of other business enterprises located in the region and shall thereafter consider the financial ability of minority and women-owned businesses located outside the region in which the contract is to be performed to perform the state contract.

(b) Within thirty days of the issuance of a partial or total waiver of compliance as provided in paragraph (a) of this subdivision, the contracting agency shall:

(i) report the issuance of the waiver to the director; and

(ii) publish on the contracting agency's website: a searchable list of (A) information identifying the contract, including the value of the contract; (B) the name of the contractor receiving the waiver; (C) the date of the waiver; (D) whether the waiver was a total or partial waiver; and (E) the specific contract provisions to which the waiver applies.

7. For purposes of determining a contractor's good faith effort to comply with the requirements of this section or to be entitled to a waiver therefrom the contracting agency shall consider:

(a) whether the contractor has advertised in general circulation media, trade association publications, and minority-focus and women-focus media and, in such event, (i) whether or not certified minority or women-owned businesses which have been solicited by the contractor exhibited interest in submitting proposals for a particular project by attending a pre-bid conference; and

(ii) whether certified businesses which have been solicited by the contractor have responded in a timely fashion to the contractor's solicitations for timely competitive bid quotations prior to the contracting agency's bid date; and

(b) whether there has been written notification to appropriate certified businesses that appear in the directory of certified businesses prepared pursuant to paragraph (f) of subdivision three of section three hundred eleven of this article; and

(c) whether the contractor can reasonably structure the amount of work to be performed under subcontracts in order to increase the likelihood of participation by certified businesses.

8. In the event that a contracting agency fails or refuses to issue a waiver to a contractor as requested within twenty days after having made
application therefor pursuant to subdivision six of this section or if
the contracting agency denies such application, in whole or in part, the
contractor may file a complaint with the director pursuant to section
three hundred sixteen of this article setting forth the facts and
circumstances giving rise to the contractor's complaint together with a
demand for relief. The contractor shall serve a copy of such complaint
upon the contracting agency by personal service or by certified mail, return
receipt requested. The contracting agency shall be afforded an
opportunity to respond to such complaint in writing.

9. If, after the review of a contractor's minority and women-owned
business utilization plan or review of a periodic compliance report and after such contractor has been afforded an opportunity to respond to a notice of deficiency issued by the contracting agency in connection therewith, it appears that a contractor is failing or refusing to comply with the minority and women-owned business participation requirements as set forth in the state contract and where no waiver from such requirements has been granted, the contracting agency may file a written complaint with the director pursuant to section three hundred sixteen of this article setting forth the facts and circumstances giving rise to the contracting agency's complaint together with a demand for relief. The contracting agency shall serve a copy of such complaint upon the contractor by personal service or by certified mail, return receipt requested. The contractor shall be afforded an opportunity to respond to such complaint in writing.

§ 6. Section 314 of the executive law, as added by chapter 261 of the laws of 1988, subdivision 2-a as amended by chapter 175 of the laws of 2010, subdivision 2-b as added by chapter 409 of the laws of 2018, subdivision 4 as amended and subdivision 5 as added by chapter 399 of the laws of 2014, is amended to read as follows:

§ 314. Statewide certification program. 1. The director shall promulgate rules and regulations providing for the establishment of a statewide certification program including rules and regulations governing the approval, denial or revocation of any such certification including revocations for convictions for fraudulently misrepresenting the status of minority or women-owned business enterprises. Such rules and regulations shall include, but not be limited to, such matters as may be required to ensure that the established procedures thereunder shall at least be in compliance with the code of fair procedure set forth in section seventy-three of the civil rights law and consistent with the provisions of article twenty-three of the correction law.

2. For the purposes of this article, the office shall be responsible for verifying businesses as being owned, operated, and controlled by minority group members or women and for certifying such verified businesses. The director shall prepare a directory of certified businesses for use by contracting agencies and contractors in carrying out the provisions of this article. The director shall [periodically] quarterly update the directory.

2-a. (a) The director shall establish a procedure enabling the office to accept New York municipal corporation certification verification for minority and women-owned business enterprise applicants in lieu of requiring the applicant to complete the state certification process. The director shall promulgate rules and regulations to set forth criteria for the acceptance of municipal corporation certification. All eligible municipal corporation certifications shall require business enterprises seeking certification to meet the following standards:
(i) have at least fifty-one percent ownership by a minority or a
women-owned enterprise and be owned by United States citizens or perma-
nent resident aliens;
(ii) be an enterprise in which the minority and/or women-ownership
interest is real, substantial and continuing;
(iii) be an enterprise in which the minority and/or women-ownership
has and exercises the authority to control independently the day-to-day
business decisions of the enterprise;
(iv) be an enterprise authorized to do business in this state;
(v) be subject to a physical site inspection to verify the fifty-one
percent ownership requirement;
(vi) be owned by an individual or individuals, whose ownership,
control and operation are relied upon for certification, with a personal
net worth that does not exceed three million five hundred thousand
dollars, as adjusted annually for inflation according to the consumer
price index; and
(vii) be an enterprise that is a small business pursuant to subdivi-
sion twenty of section three hundred ten of this article.
(b) The director shall work with all municipal corporations that have
a municipal minority and women-owned business enterprise program to
develop standards to accept state certification to meet the municipal
corporation minority and women-owned business enterprise certification
standards.
(c) The director shall establish a procedure enabling the division to
accept federal certification verification for minority and women-owned
business enterprise applicants, provided said standards comport with
those required by the state minority and women-owned business program,
in lieu of requiring the applicant to complete the state certification
process. The director shall promulgate rules and regulations to set
forth criteria for the acceptance of federal certification.
2-b. The director shall establish a procedure enabling an applicant
who was a military service member to prove his or her race or ethnicity,
date of birth, place of birth and verification of address for purposes
of certification of the applicant's business as a minority-owned busi-
ness by submission of the DD Form 214 issued to the applicant by the
United States department of defense upon such applicant's retirement,
separation, or discharge from active duty in the armed forces of the
United States, provided the DD Form 214 contains such information, in
lieu of requiring the applicant to otherwise prove his or her race or
ethnicity. The director shall promulgate rules and regulations to set
forth criteria for the acceptance of the DD Form 214 by the office.
3. Following application for certification pursuant to this section,
the director shall provide the applicant with written notice of the
status of the application, including notice of any outstanding deficien-
cies, within [thirty] fifteen days. Within [sixty] thirty days of
submission of a final completed application, the director shall provide
the applicant with written notice of a determination by the office
approving or denying such certification and, in the event of a denial a
statement setting forth the reasons for such denial. Upon a determi-
nation denying or revoking certification, the business enterprise for
which certification has been so denied or revoked shall, upon written
request made within thirty days from receipt of notice of such determi-
nation, be entitled to a hearing before an independent hearing officer
designated for such purpose by the director. In the event that a request
for a hearing is not made within such thirty day period, such determi-
nation shall be deemed to be final. The independent hearing officer
shall conduct a hearing and upon the conclusion of such hearing, issue a
written recommendation to the director to affirm, reverse or modify such
determination of the director. Such written recommendation shall be
issued to the parties. The director, within thirty days, by order, must
accept, reject or modify such recommendation of the hearing officer and
set forth in writing the reasons therefor. The director shall serve a
copy of such order and reasons therefor upon the business enterprise by
personal service or by certified mail return receipt requested. The
order of the director shall be subject to review pursuant to article
seventy-eight of the civil practice law and rules.

4. The director may, after performing an availability analysis and
upon a finding that industry-specific factors coupled with personal net
worth or small business eligibility requirements pursuant to subdivi-
sions nineteen and twenty of section three hundred ten of this article,
respectively, have led to the significant exclusion of businesses owned
by minority group members or women in that industry, grant provisional
MWBE certification status to applicants from that designated industry,
provided, however, that all other eligibility requirements pursuant to
subdivision seven or fifteen of section three hundred ten of this arti-
cle, as applicable, are satisfied. Any industry-based determination made
under this section by the director shall be made widely available to the
public and posted on the division’s website.

5. With the exception of provisional MWBE certification, as provided
for in subdivision twenty-three of section three hundred ten of this
article, all minority and women-owned business enterprise certifications
shall be valid for a period of [three] five years.

§ 7. Section 315 of the executive law, as added by chapter 261 of the
laws of 1988, subdivision 3 as amended and subdivisions 4, 5, 6, and 7
as added by chapter 175 of the laws of 2010, is amended to read as
follows:

§ 315. Responsibilities of contracting agencies. 1. Each contracting
agency shall be responsible for monitoring state contracts under its
jurisdiction, and recommending matters to the office respecting non-com-
pliance with the provisions of this article so that the office may take
such action as is appropriate to [insure] ensure compliance with the
provisions of this article, the rules and regulations of the director
issued hereunder and the contractual provisions required pursuant to
this article. All contracting agencies shall comply with the rules and

required in the performance of its functions under this article.

2. Each contracting agency shall provide to prospective bidders a

regulations required pursuant to sections three hundred twelve and three
hundred thirteen of this article at the time bids or proposals are
solicited.

utilization plan, of such contractor’s receipt of the winning bid award.

3. Each contracting agency shall report to the director with respect
to activities undertaken to promote employment of minority group members
and women and promote and increase participation by certified businesses
with respect to state contracts and subcontracts. Such reports shall be
submitted [periodically, but not less frequently than annually, as
required by the director,] no later than January fifteenth of every year
and shall include such information as is necessary for the director to determine whether the contracting agency and any contractor to the contracting agency have complied with the purposes of this article, including, without limitation, a summary of all waivers of the requirements of subdivisions six and seven of section three hundred thirteen of this article allowed by the contracting agency during the period covered by the report, including a description of the basis of the waiver request [and], the rationale for granting any such waiver and any instances in which the contracting agency has deemed a contractor to have committed a violation pursuant to section three hundred sixteen of this article and such other information as the director shall require.

Each agency shall also include in such annual report whether or not it has been required to prepare a remedial plan, and, if so, the plan and the extent to which the agency has complied with each element of the plan.

4. The division of minority and women's business development shall issue an annual report which: (a) summarizes the report submitted by each contracting agency pursuant to subdivision three of this section; (b) contains such comparative or other information as the director deems appropriate, including but not limited to goals compared to actual participation of minority and women-owned business enterprises in state contracting and a listing of annual goals compared to actual participation for each agency, the total number of certified minority and women-owned businesses for that reporting year as well as the total number reported in each of the previous five years, and the total dollar value of state expenditures on certified minority and women-owned business contracts and subcontract for the previous five years, to evaluate the effectiveness of the activities undertaken by each such contracting agency to promote increased participation by certified minority or women-owned businesses with respect to state contracts and subcontracts; (c) contains a summary of all waivers of the requirements of subdivisions six and seven of section three hundred thirteen of this article allowed by each contracting agency during the period covered by the report, including a description of the basis of the waiver request and the contracting agency's rationale for granting any such waiver; (d) describes any efforts to create a database or other information storage and retrieval system containing information relevant to contracting with minority and women-owned business enterprises; [and] (e) contains a summary of (i) all determinations of violations of this article by a contractor or a contracting agency made during the period covered by the annual report pursuant to section three hundred sixteen-a of this article and (ii) the penalties or sanctions, if any, assessed in connection with such determinations and the rationale for such penalties or sanctions; (f) provides a written rationale for instances where an agency's participation goals or remedial plans do not meet the goals supported by the two thousand sixteen disparity study; and (g) provides a written explanation of the reason that agency expenditures are exempt from complying with participation goals. Copies of the annual report shall be provided to the commissioner, the governor, the comptroller, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate, the minority leader of the assembly and shall also be made widely available to the public via, among other things, publication on a website maintained by the division of minority and women's business development.

5. Each agency shall include in its annual report to the governor and legislature pursuant to section one hundred sixty-four of [the executive
law] this chapter: (a) its annual goals for contracts with minority-
owned and women-owned business enterprises[, (b) the number of actual
contracts issued to minority-owned and women-owned business enterprises;
(and) (c) a summary of all waivers of the requirements of subdivisions
six and seven of section three hundred thirteen of this article allowed
by the reporting agency during the preceding year, including a
description of the basis of the waiver request and the rationale for
granting such waiver[. Each agency shall also include in such annual
report] (d) whether or not it has been required to prepare a remedial
plan, and, if so, the plan and the extent to which the agency has
complied with each element of the plan; and (e) which expenditures are
exempt from participation goals and the rationale for such exemption.
Such report shall also itemize the total value of design-build contracts
used by each contracting agency when applicable, and each contracting
agency authorized to enter into design-build contracts shall itemize the
rate of minority and women-owned business enterprises participation on
design-build contracts, design-bid-build contracts, as well as the agen-
cy's overall participation rate.
6. Each contracting agency that substantially fails to meet the goals
supported by the disparity study, as defined by regulation of the direc-
tor, shall be required to submit to the director a remedial action plan
to remedy such failure.
7. If it is determined by the director that any agency has failed to
act in good faith to implement the remedial action plan, pursuant to
subdivision six of this section within one year, the director shall
provide written notice of such a finding, which shall be publicly avail-
able, and direct implementation of remedial actions to:
(a) assure that sufficient and effective solicitation efforts to women
and minority-owned business enterprises are being made by said agency;
(b) divide contract requirements, when economically feasible, into
quantities that will expand the participation of women and minority-
owned business enterprises;
(c) eliminate extended experience or capitalization requirements, when
programmatically and economically feasible, that will expand partic-
ipation by women and minority-owned business enterprises;
(d) identify specific proposed contracts as particularly attractive or
appropriate for participation by women and minority-owned business
 enterprises with such identification to result from and be coupled with
the efforts of paragraphs (a), (b), and (c) of this subdivision; and
(e) upon a finding by the director that an agency has failed to take
affirmative measures to implement the remedial plan and to follow any of
the remedial actions set forth by the director, and in the absence of
any objective progress towards the agency's goals, require some or all
of the agency's procurement, for a specified period of time, be placed
under the direction and control of another agency or agencies.
§ 8. Intentionally Omitted.
§ 9. Subdivision 6 of section 163 of the state finance law, as amended
by chapter 569 of the laws of 2015, is amended to read as follows:

and commodities in an amount not exceeding eighty-five thousand dollars
without a formal competitive process; state agencies may purchase
services and commodities in an amount not exceeding fifty thousand
dollars without a formal competitive process; and state agencies may
purchase commodities or services from small business concerns or those
certified pursuant to articles fifteen-A and seventeen-B of the execu-

§ 10. Subparagraph (i) of paragraph (b) of subdivision 3 of section 2879 of the public authorities law, as amended by chapter 174 of the laws of 2010, is amended to read as follows:

(i) for the selection of such contractors on a competitive basis, and provisions relating to the circumstances under which the board may by resolution waive competition, including, notwithstanding any other provision of law requiring competition, the purchase of goods or services from small business concerns [or] those certified as minority or women-owned business enterprises, or goods or technology that are recycled or remanufactured, in an amount not to exceed [two] four hundred thousand dollars without a formal competitive process;

6. All contracts for amounts in excess of five thousand dollars for the work of construction, reconstruction, alteration, repair or improvement of any state building, whether constructed or to be constructed must be offered for public bidding and may be awarded to the lowest responsible and reliable bidder, as will best promote the public interest, by the said department or other agency with the approval of the comptroller for the whole or any part of the work to be performed, and, in the discretion of the said department or other agency, such contracts may be sublet; provided, however, that no such contract shall be awarded to a bidder other than the lowest responsible and reliable bidder, except for certain contracts awarded to minority or women-owned business enterprises as provided herein, without the written approval of the comptroller. When a proposal consists of unit prices of items specified to be performed, except for certain contracts awarded to minority or women-owned business enterprises as provided herein, the lowest bid shall be deemed to be that which specifically states the lowest gross sum for which the entire work will be performed, including all the items specified in the proposal thereof. The lowest bid shall be determined by the commissioner of general services on the basis of the gross sum for which the entire work will be performed, arrived at by a correct computation of all the items specified in the proposal therefor at the unit prices contained in the bid. Provided, however, that where a responsible and reliable bidder certified as a minority-owned business enter-
prize or women-owned business enterprise pursuant to article fifteen-A of the executive law submits a bid of one million four hundred thousand dollars or less, as adjusted annually for inflation beginning January first, two thousand twenty, the bid of the minority or women-owned business enterprise shall be deemed the lowest bid unless it exceeds the bid of any other bidder by more than ten percent.

(e) An owner liable for a violation of a bus lane restriction imposed on any route within a bus rapid transit program shall be liable for monetary penalties in accordance with a schedule of fines and penalties promulgated by the parking violations bureau of the city of New York; provided, however, that the monetary penalty for violating a bus lane restriction shall not exceed one hundred [fifteen] twenty-five dollars, one hundred fifty dollars for a second offense within a twelve-month period, two hundred dollars for a third offense within a twelve-month period, two hundred fifty dollars for a fourth offense within a twelve-

(n) 1. Notwithstanding any other provision of law, in accordance with the provisions of this subdivision, the city of New York is hereby authorized and empowered to impose monetary liability on the owner of a vehicle for failure of an operator thereof to comply with the applicable local laws and regulations of the city of New York relating to stopping, standing, parking and turning movements as defined herein, while operating a vehicle within the congestion toll zone or along designated bus corridors. The department of transportation of the city of New York and/or an applicable mass transit agency, shall operate photo devices that may be stationary or mobile and shall be activated at locations determined by such department of transportation and/or on buses selected by such department of transportation in consultation with the applicable mass transit agency. Any mobile bus lane photo device mounted on a bus shall be directed outwardly from such bus to capture images of vehicles operated in violation of the local laws relating to stopping, standing, parking and turning, or in violation of bus lane restrictions, and images produced by such device shall not be used for any other purpose in the absence of a court order requiring such images to be produced.

3. The city of New York shall adopt and enforce measures to protect the privacy of drivers, passengers, pedestrians and cyclists whose identity and identifying information may be captured by a photo device. Such measures shall include:

(i) utilization of necessary technologies to ensure, to the extent practicable, that images produced by such photo devices shall not include images that identify the driver, the passengers, or the contents of the vehicle, provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because an image allows for the identification of the driver, the passengers or other contents of a vehicle;

Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to this subdivision.

8. An owner liable for a violation shall be liable for monetary penalties in accordance with a schedule of fines and penalties promulgated by the parking violations bureau of the city of New York; provided, however, that the monetary penalty for a first offense of a provision of local law or regulation of the city of New York relating to stopping,

subdivision shall not exceed one hundred twenty-five dollars, one
hundred fifty dollars for a second offense within a twelve-month period,

within the prescribed time period set forth in the notice of violation.

9. An imposition of liability pursuant to this subdivision shall not
be deemed a conviction of an operator and shall not be made part of the
operating record of the person upon whom such liability is imposed, nor
shall it be used for insurance purposes in the provision of motor vehi-

person charged of the manner and the time in which he or she may contest
the liability alleged in the notice. Such notice of liability shall
also contain a warning to advise the persons charged that failure to
contest in the manner and time provided shall be deemed an admission of
liability and that a default judgment may be entered thereon.
(iv) The notice of liability shall be prepared and mailed by the agen-

authorized by such city to prepare and mail such notification of

11. Adjudication of the liability imposed upon owners by this section
shall be by the New York city parking violations bureau.

12. If an owner of a vehicle receives a notice of liability pursuant

occurred and had not been recovered by such time. For purposes of
asserting the defense provided by this subdivision it shall be suffi-

be sent by first class mail to the parking violations bureau of such
city.

13. (i) An owner who is a lessor of a vehicle to which a notice of

Failure to timely submit such information shall render the lessor liable for the penalty prescribed in this subdivision.

(ii) Where the lessor complies with the provisions of clause (A) of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this subdivision, shall be subject to liability for such violation pursuant to this subdivision and shall be sent a notice of liability pursuant to paragraph ten of this subdivision.

14. If the owner liable for a violation was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

15. Nothing in this subdivision shall be construed to limit the liability of an operator of a vehicle for any violation of an applicable local law or regulation.

16. The city of New York and the applicable mass transit agency shall submit a report on the results of the use of photo devices to the governor, the temporary president of the senate and the speaker of the assembly by April first, within twelve months of operation of such photo devices and every two years thereafter. For purposes of this section, the term “owner” shall mean any person, corporation, partnership, firm, agency, association, lessor or organization who, at the time of the violation and with respect to the vehicle identified in the notice of liability: (a) is the beneficial or equitable owner of such vehicle; or (b) has title to such vehicle; or (c) is the registrant or co-registrant of such vehicle which is registered with the department of motor vehicles of this state or any other state, territory, district, province, nation or other jurisdiction; or (d) subject to the limitations set forth in subdivision ten of this section, uses such vehicle in its vehicle renting and/or leasing business; and includes (a) a person entitled to the use and possession of a vehicle subject to a security interest in another person. For purposes of this section, the term “photo-monitoring system” shall mean a vehicle sensor installed to work in conjunction with a toll collection facility which automatically produces one or more photographs, one or more micro-photographs, a videotape or other recorded images of each vehicle at the time it is used or operated in violation of toll collection regulations. For purposes of this section, the term “toll collection regulations” shall mean those rules and regulations of a public authority providing...
for and requiring the payment of tolls and/or charges prescribed by such public authority for the use of bridges, tunnels or highways under its jurisdiction or those rules and regulations of a public authority making it unlawful to refuse to pay or to evade or to attempt to evade the payment of all or part of any toll and/or charge for the use of bridges, tunnels or highways under the jurisdiction of such public authority. For purposes of this section, the term "vehicle" shall mean every device in, upon or by which a person or property is or may be transported or drawn upon a highway, except devices used exclusively upon stationary rails or tracks.

4. A certificate, sworn to or affirmed by an agent of the public authority which charged that the violation occurred, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo-monitoring system shall be prima facie evidence of the facts contained therein and shall be admissible in any proceeding charging a violation of toll collection regulations, provided that any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection and admission into evidence in any proceeding to adjudicate the liability for such violation.

5. An owner found liable for a violation of toll collection regulations pursuant to this section shall for a first violation thereof be liable for a monetary penalty not to exceed fifty dollars or two times the toll evaded whichever is greater; for a second violation thereof both within eighteen months be liable for a monetary penalty not to exceed one hundred dollars or five times the toll evaded whichever is greater; for a third or subsequent violation thereof all within eighteen months be liable for a monetary penalty not to exceed one hundred fifty dollars or ten times the toll evaded whichever is greater.

6. An imposition of liability pursuant to this section shall be based upon a preponderance of evidence as submitted. An imposition of liability pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the motor vehicle operating record, furnished pursuant to section three hundred fifty-four of the vehicle and traffic law, of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

7. (a) A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of toll collection regulations. Such notice shall be mailed no later than thirty days after the alleged violation. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the mailing of the notice.

(b) A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of toll collection regulations pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation and the identification number of the photo-monitoring system which recorded the violation or other document locator number.

(c) The notice of liability shall contain information advising the person charged of the manner and the time in which he may contest the liability alleged in the notice. Such notice of liability shall also contain a warning to advise the persons charged that failure to contest
in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

(d) The notice of liability shall be prepared and mailed by the public authority having jurisdiction over the toll facility where the violation of toll collection regulations occurred.

8. Adjudication of the liability imposed upon owners by this section shall be by the entity having jurisdiction over violations of the rules and regulations of the public authority serving the notice of liability or where authorized by an administrative tribunal and all violations shall be heard and determined in the county in which the violation is alleged to have occurred, or in New York city and upon the consent of both parties, in any county within New York city in which the public authority operates or maintains a facility, and in the same manner as charges of other regulatory violations of such public authority or pursuant to the rules and regulations of such administrative tribunal as the case may be.

9. If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle was stolen, but not as yet reported to the police as having been stolen, it shall be a valid defense to an allegation of liability for a violation of toll collection regulations pursuant to this section that the vehicle was reported as stolen within two hours after the discovery of the theft by the owner. For purposes of asserting the defense provided by this subdivision it shall be sufficient that a certified copy of the police report on the stolen vehicle be sent by first class mail to the court or other entity having jurisdiction.

10. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision seven of this section shall not be liable for the violation of the toll collection regulation provided that he or she sends to the public authority serving the notice of liability and to the court or other entity having jurisdiction a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty days after receiving the original notice of liability. Failure to send such information within such thirty day time period shall render the lessor liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section and shall be subject to liability for the violation of toll collection regulations, provided that the public authority mails a notice of liability to the lessee within ten days after the court, or other entity having jurisdiction, deems the lessee to be the owner. For purposes of this subdivision the term "lessor" shall mean any person, corporation, firm, partnership, agency, association or organization engaged in the business of renting or leasing vehicles to any lessee under a rental agreement, lease or otherwise wherein the said lessee has the exclusive use of said vehicle for any period of time. For purposes of this subdivision, the term "lessee" shall mean any person, corporation, firm, partnership, agency, association or organization that
rents, leases, or contracts for the use of one or more vehicles and has exclusive use thereof for any period of time.

11. Except as provided in subdivision ten of this section, if a person receives a notice of liability pursuant to this section it shall be a valid defense to an allegation of liability for a violation of toll collection regulations that the individual who received the notice of liability pursuant to this section was not the owner of the vehicle at the time the violation occurred. If the owner liable for a violation of toll collection regulations pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

12. "Electronic toll collection system" shall mean a system of collecting tolls or charges which is capable of charging an account holder the appropriate toll or charge by transmission of information from an electronic device on a motor vehicle to the toll lane, which information is used to charge the account the appropriate toll or charge. In adopting procedures for the preparation and mailing of a notice of liability, the public authority having jurisdiction over the toll facility shall adopt guidelines to ensure adequate and timely notice to all electronic toll collection system account holders to inform them when their accounts are delinquent. An owner who is an account holder under the electronic toll collection system shall not be found liable for a violation of this section unless such authority has first sent a notice of delinquency to such account holder and the account holder was in fact delinquent at the time of the violation.

13. Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of toll collection regulations.

14. Notwithstanding any other provision of law, all photographs, microphotographs, videotape or other recorded images prepared pursuant to this section shall be for the exclusive use of a public authority in the discharge of its duties under this section and shall not be open to the public nor be used in any court in any action or proceeding pending therein unless such action or proceeding relates to the imposition of or indemnification for liability pursuant to this section. The public authority and any contractor or consultant with which it, or any of its subsidiaries, contracts shall be prohibited from selling, distributing or making available in any way, the names and addresses of electronic toll collection system account holders or any user-specific data with respect to travel patterns to any entity that will use such information for any commercial purpose provided that the foregoing restriction shall not be deemed to preclude the exchange of such information between any entities with jurisdiction over and/or operating a toll highway bridge and/or tunnel facility.

Such regulations may impose monetary liability on the owner of a vehicle for failure to comply with such regulations. No public authority shall own, operate or otherwise facilitate a cashless tolling facility or cashless tolling program without first promulgating regulations pursuant to and in compliance with this section.

3. Owner liability for toll. The owner of a vehicle shall incur an obligation to pay a toll when such vehicle crosses a cashless tolling facility without an operable electronic device and is identified by a cashless tolling monitoring system.

4. Owner liability for failure to comply. The owner of a vehicle shall be liable for a civil penalty imposed pursuant to this section if such owner incurred an obligation to pay a toll and fails to timely pay or respond to such toll in the manner set forth in the notice of toll due and shall be liable for penalties in accordance with the penalties set forth herein. Provided, however, that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of a violation of toll collection regulations for the same incident.

5. Use of technology. Such demonstration program shall utilize necessary technologies to ensure, to the extent practicable, that recorded images produced by such cashless tolling monitoring systems shall not include images that identify the driver, the passengers, or the contents of a vehicle. However, no notice of toll or notice of violation issued pursuant to this section shall be invalid solely because a recorded image allows for the identification of the contents of a vehicle, provided that such public authority has made a reasonable effort to comply with the provisions of this subdivision.

6. Notice of toll and violation. (a) First notice. The public authority shall send a toll bill by first class mail to any owner who incurs the obligation to pay the toll. Within thirty days of the mailing of the notice of toll due the owner shall (i) (1) pay the toll, without liability for any penalty; or (2) contest the notice. The owner shall have thirty days from the date such notice of violation was sent to (iii) (1) pay the assessed toll and penalties; or (2) contest the notice. If an owner fails to respond to the notice of violation, the owner shall be liable for (iv) (1) the assessed toll; and (2) a monetary penalty which shall be no greater than twenty-five dollars.

Any notice of violation required by this section to be sent by first class mail may in addition to first class mail be sent by electronic means of communication upon the affirmative consent of the owner in a form prescribed by the authority. A manual or automatic record of electronic communications prepared in the ordinary course of business shall be sufficient record of electronic notice. Any affirmative consent to receive a notice of toll due by electronic means shall be revocable by the owner at any time with notice to the public authority or its agent and shall automatically be deemed revoked if the authority or its agent is unable to deliver two consecutive notices by electronic means of communication.

(e) Definitions. 7. Evidence. An agent of any public authority which has assessed a toll, may swear to or affirm a certificate or a facsimile thereof, based upon inspection of recorded images produced by a cashless tolling monitoring system, which shall be prima facie evidence of the facts contained therein and shall be admissible in any proceeding charging a liability for an obligation to pay a toll or a violation pursuant to this section, provided that any recorded images evidencing such liability shall be available for inspection and admission into evidence in any proceeding to adjudicate such liability.

8. Imposing liability. Any liability imposed pursuant to this section shall be based upon a preponderance of evidence as submitted. Any liability imposed pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the motor vehicle operating record, furnished pursuant to section three hundred fifty-four of the vehicle and traffic law, of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

11. Adjudication of liability. Adjudication of an owner's liability shall be by the municipal entity having jurisdiction over the cashless tolling facility or, where authorized, by an administrative tribunal and all such liability determinations shall be heard and determined either: (a) in the county in which the obligation to pay a toll through the cashless tolling program was alleged to occur; or (b) where the toll is alleged to have been incurred in New York city and upon the consent of both parties, in any county within New York city in which the public authority operates or maintains a cashless tolling facility. Such adjudications shall be heard and determined in the same manner as charges of other regulatory violations of such public authority or pursuant to the rules and regulations of such administrative tribunal, as the case may be.

PART UU

Section 1. Approximately 40 percent of the food produced in the United States today goes uneaten. Much of this organic waste is disposed of in solid waste landfills, where its decomposition accounts for over 15 percent of our nation's emissions of methane, a potent greenhouse gas. Meanwhile, an estimated 2.8 million New Yorkers are facing hunger and food insecurity. Recognizing the importance of food scraps to our environment, economy, and the health of New Yorkers, this act establishes a food scraps hierarchy for the state of New York. The first tier of the hierarchy is source reduction, reducing the volume of surplus food generated. The second tier is recovery, feeding wholesome food to hungry people. Third is repurposing, feeding animals. Fourth is recycling, processing any leftover food such as by composting or anaerobic digestion to create a nutrient-rich soil amendment. This legislation is designed to address each tier of the hierarchy by: encouraging the prevention of food waste generation by commercial generators and residents; directing the recovery of excess edible food from high-volume commercial food waste generators; and ensuring that a significant portion of inedible food waste from large volume food waste generators is managed in a sustainable manner, and does not end up being sent to landfills or incinerators. In addition, the state has supported the recovery of wholesome food by providing grants from the environmental protection fund to increase capacity of food banks, conduct food scraps audits of high-volume generators of food scraps, support implementation of pollution prevention projects identified by such audits, and expand capacity of generators and municipalities to donate and recycle food.

§ 2. Article 27 of the environmental conservation law is amended by adding a new title 22 to read as follows:

TITLE 22

FOOD DONATION AND FOOD SCRAPS RECYCLING

Section 27-2201. Definitions.
27-2203. Designated food scraps generator responsibilities.

2. "Food scraps" means inedible food, trimmings from the preparation of food, food-soiled paper, and edible food that is not donated. Food scraps shall not include used cooking oil, yellow grease or food from residential sources, or any food identified in regulations promulgated by the department in consultation with the department of agriculture and markets or any food which is subject to a recall or seizure due to the presence of pathogens, including but not limited to: Listeria Monocytogenes, confirmed Clostridium Botulinum, E. coli 0157:H7 and all salmonella in ready-to-eat foods.

3. "Organics recycler" means a facility, permitted by the department, that recycles food scraps through use as animal feed or a feed ingredient, rendering, land application, composting, aerobic digestion, anaerobic digestion, fermentation, or ethanol production. Animal scraps, food soiled paper, and post-consumer food scraps are prohibited for use as animal feed or as a feed ingredient. The proportion of the product created from food scraps by a composting or digestion facility, including a wastewater treatment plant that operates a digestion facility, or other treatment system, must be used in a beneficial manner as a soil amendment and shall not be disposed of or incinerated.

4. "Person" means any business entity, partnership, company, corporation, not-for-profit corporation, association, governmental entity, public benefit corporation, public authority, firm, or organization.

§ 27-2203. Designated food scraps generator responsibilities.
