

## CMS OPEN DOOR FORUM

Today, CMS announced it is granting exceptions from reporting requirements and extensions for clinicians and providers participating in Medicare quality reporting programs with respect to upcoming measure reporting and data submission for those programs. The action comes as part of the Trump Administration's response to 2019 Novel Coronavirus (COVID-19).

CMS is implementing additional extreme and uncontrollable circumstances policy exceptions and extensions for upcoming measure reporting and data submission deadlines for several CMS programs. For those programs with data submission deadlines in April and May 2020, submission of those data will be optional, based on the facility's choice to report.

CMS recognizes that quality measure data collection and reporting for services furnished during this time period may not be reflective of their true level of performance on measures such as cost, readmissions and patient experience during this time of emergency and seeks to hold organizations harmless for not submitting data during this period.

You can find a copy of the press release here:

<https://www.cms.gov/newsroom/press-releases/cms-announces-relief-clinicians-providers-hospitals-and-facilities-participating-quality-reporting>

CMS will continue monitoring the developing COVID-19 situation and assess options to additional relief to clinicians, facilities, and their staff so they can focus on caring for pat

This action, and earlier CMS actions in response to COVID-19, are part of the ongoing House Task Force efforts. To keep up with the important work the Task Force is doing i response to COVID-19, please visit [Coronavirus.gov](https://www.coronavirus.gov). For a complete and updated I CMS actions, and other information specific to CMS, please visit the [Current Emergencies Webpage](#) on [CMS.Gov](https://www.cms.gov).
