PROGRAM OVERVIEW:

As a fundamental part of communications between the New York State Department of Health (NYSDOH) and its stakeholders, this presentation will discuss critical tools of the Health Commerce System (HCS) which allows NYSDOH to serve health care facility's during normal operations and times of emergency, and the role of our providers in using this system.

TARGET AUDIENCE:

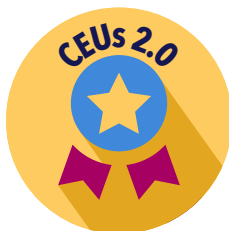

Administrators, Executive Directors, Directors of Nursing, MDS Coordinators, Nursing Staff, Rehabilitation Professionals, and other Interdisciplinary Team Members

SPEAKERS:

VALERIE SHUBA is lead trainer for the Health Commerce System (HCS), specializing in Emergency Preparedness applications, such as eFINDS, HERDS, IHANS and the Communications Directory Search and Export tool. Valerie has worked for the NYSDOH Informatics Unit since 2009. Her teammates are responsible for the creation, development, and management of some of the most high-profile applications used in COVID response. She provides technical assistance for these applications, and you can find her courses advertised on the HCS's home page under Calendar/Events.
