PROGRAM OVERVIEW:

DOES YOUR STAFF GROAN EVERY TIME YOU MENTION MONITORING OR AUDITING?

Your QA Program doesn't need to be an enemy of the staff.

Understanding the basics of Quality Assurance will help you achieve staff "buy-in" to the benefits of a sound and organized program. During this webinar, the presenter will provide insights on how your approach to presenting new ideas impacts goal achievement and the benefit of routine monitoring of facility-specific high-risk areas. This discussion will also include recommendations for Performance Improvement Plans (PIPs).

Don't miss this session which will highlight the evident advantages of knowing the Quality Assurance process and its benefits to you.

TARGET AUDIENCE:

Administrators, Executive Directors, Nursing Staff, and other Interdisciplinary Team Members
